IV. Discussion & Possible Action Items- Contracts, Purchases, and Procurements

A. Construction Company Contract and Construction Guaranteed Maximum Price for Nellis Campus Expansion Project (GMP) (For Possible Action)

Mr. Nick explained that, as the Board is aware, the team has been working on the overall design and construction Guaranteed Maximum Price (GMP) for over a year. Mr. Tate with KNIT Architects, presented the overall design and final GMP to the Board. Mr. Nick noted that once the GMP is approved, construction will begin. The construction process is anticipated to start at the end of January and will take approximately two years to complete.

Mr. Tate provided a progress update to inform the Board of the current status of the design. He confirmed that all programmed spaces have been maintained and that all classroom sizes are consistent with the final design and GMP. The Board reviewed professional renderings of various spaces, including outdoor areas featuring ample shading, vegetation, and artificial turf consistent with current design trends across the valley. Renderings of classrooms and student common areas were also presented, along with a full gymnasium featuring six basketball courts, volleyball capability, and telescopic bleachers. A new cafeteria with a full kitchen is included in the project.

Mr. Tate also reviewed plans to remodel the existing building, including the addition of canopies and entrance modifications to improve traffic separation. Outdoor play areas were discussed in detail, including the addition of enhanced shading. Additional site elements were reviewed, such as the stop-and-go lane, a roundabout serving the entire campus, kitchen delivery zones, and outdoor classroom areas organized by grade level.

Mr. Tate explained that during the early design phase, KNIT Architects completed the programming and, during the design development phase, engaged CORE Construction for pre-design construction services. The initial estimated project budget was \$66.5 million. After evaluating cost escalation and project priorities, the team reduced the budget to \$63 million without eliminating any scope or key programming elements. Between the 95% design phase and the GMP package, the budget was further reduced to \$56.3 million for the final GMP. Mr. Tate noted that this amount aligns with available grant funding and maintains all programmed scope, with minor adjustments such as scaling back some landscaping.

To address acoustic considerations associated with the campus's location on the base, an acoustic engineer was engaged to integrate sound-mitigating features into the building materials. Mr. Tate explained that this approach resulted in both improved acoustic performance and cost savings. He emphasized that the mitigation of aircraft noise will create a noticeable improvement in the learning environment.

Mr. Lengsavath referenced the Finance & Facilities Committee presentation and noted that there were significant changes to the gymnasium and cafeteria areas. Mr. Tate provided additional clarification and details regarding those changes. Mr. Tate and Mr. Hacker also responded to various questions from Board members and reviewed the timeline/summary schedule in detail.

Dr. Carryn Warren made a motion to approve CORE Construction as well as the GMP in the amount of \$56,387,925 for the Nellis AFB Campus Construction.

Melinda Kabar seconded the motion.

The board **VOTED** unanimously to approve the motion.

B.

CASLV End-of-Year Teacher and Staff Celebration Venue Payment (For Possible Action)

Dr. Ercan explained that the venue secured for the event is a better option due to several factors, including its location and parking availability. Additionally, a significant discount was negotiated, which is expected to lower overall costs this year and result in a reduced cost per staff guest. Attendance for staff members will be provided at no cost; however, guests attending with staff members will be charged. An application was submitted for a venue credit of up to \$50,000, though it is anticipated that the final amount will be less. Dr. Ercan requested approval for expenses up to \$60,000.

Dr. Ercan also informed the Board that \$56,250 in sponsorships has already been secured, and with the addition of Howard & Howard's donation, total sponsorship support is expected to be approximately \$66,000. The event is planned for a minimum of 350 attendees, with the venue having the capacity to accommodate up to 500 if needed. Ann Diggins made a motion to approve the End-of-Year CASLV Teacher and Staff Celebration venue payment up to a total amount of \$60,000.

Feyzi Tandogan seconded the motion.

The board **VOTED** unanimously to approve the motion.

V. Discussion/Possible Action Items-Governance/Policies/Finance

A. Nellis AFB Campus Return to Good Standing (For Possible Action)

Dr. Ercan informed the Board that both Mr. Lengsavath and Dr. Ercan received a letter from the State Public Charter School Authority (SPCSA) stating that the notice of breach has been removed and CASLV is now in full good standing.

The SPCSA invited CASLV to attend its Board meeting, which Dr. Ercan attended remotely. Dr. Ercan explained that the star rating is based on the Nevada Department of Education's (NDE) Nevada School Performance Framework (NSPF), while the SPCSA uses its own academic framework. Under the SPCSA framework, 50 points are allocated for NSPF scores; CASLV Nellis AFB campus received 28.9 points. Schools are also compared to neighborhood schools for academic performance, for which the rubric allows up to 15 points; CASLV Nellis AFB campus received the full 15 points.

Dr. Ercan also reviewed the SPCSA reduction criteria for chronic absenteeism. CASLV Nellis AFB campus received 5 out of 5 points, as chronic absenteeism was reduced from 11.5% to 6.3%. Under SPCSA regulations, if a school receives a three-star rating or meets the standards of SPCSA's Academic Performance Framework, the notice of breach is removed. Dr. Ercan was pleased to report that the breach of contract has been removed and CASLV is now in full good standing.

Information only, no action taken.
