III. Academic Achievement Committee

A. Report

Rebecca gave a brief update from academic achievement committee. We reviewed data from most recent teacher survey, discussed progress toward accountability plan goals and heard from the principal, Amy Clark, about her plans moving forward.

IV. Governance Committee

A. Strategic Planning update

Tom reminded the board that the governance committee is focused on the common criteria for charter schools to ensure that the school is working toward exceeding expectations in all categories. Based on the criteria and the results of our board survey, we have been focusing on strategic planning. Rachel has been working with SGP to explore our priorities and longer term opportunities. While we would like to take our time before considering future opportunities to make sure that the Holyoke school is successful, we must be mindful of timing and be thinking about the criteria we should use to determine our readiness for growth.

B. Growth opportunities and criteria

Rachel provided an overview of the potential options to expand our impact. The board discussed the possibility of opening a high school for our scholars at VPCS and the timeline for requesting those seats. We also discussed opportunities to serve more scholars in Holyoke and the timeline. We will continue to explore and discuss these options moving forward. The board wants to see more data and hear more about Holyoke. The board asked Rachel to explore the high school expansion possibility, consider the financials.
