### **C. Committee Goals for FY21**

Rachel shared that the governance committee will share results from survey given to board in 2018 and a summary of progress made which they can use to inform goal setting. We are asking all committees to set goals for FY21 and report them out to board in September.

## **III. Finance**

### **A. Monthly Financials**

Lisa shared that finances look very good, we will end the year with a surplus. The team is trying to spend some of the surplus on things we will need next year so we can offset some of the anticipated budgetary challenges of next year.

## **IV. Academic Achievement**

### **A. Update from the chair**

Rebecca shared that the committee discussed engagement data and examined the trends. It was generally strong compared with how other schools are doing and given how rigorous our expectations for engagement are at VPCS. There was a dip in this data which is typical at the end of the year.

We also got an update about some of the professional development happening for emerging leaders that aligns with antiracism priorities. Rachel shared about the 8th graduation. The committee discussed the process for reopening planning.

## **V. Executive Director Report**

### **A. Reopening Planning**

Rachel shared highlights from the DESE guidance on fall reopening. Most of what was released was what we anticipated. We appreciate some of the flexibility and the stated goal to get as many kids back into school as possible. We will be conducting feasibility tests and surveying parents to inform our plan which we will submit to DESE in August as required. We had already been planning and everything we were doing aligns with the guidance which now brings a few things into focus and allows us to move forward.

### **B. Anti Racism Work**

The antiracism change team has drafted a set of standards, this was their mission for the year. They worked hard and we now have a draft of anti racism standards through which we can examine our policies and practices. The change team has rolled them out to our school leaders and to the staff. We will invite a change team member to share them with the board soon.

High school facility search is underway. We hired Springfield firm Colebrook to solicit proposals that meet our space needs. We expect to land on a location within 90 days. The board should expect us to present them with the best option this fall and make a decision.
