III. Information and Discussion

A. Public Comment

Jessica Majerus shared public comment:

- Is in constant communication with staff members
- Every month Jessica comes to board meetings and feels less and less confident that the school can remain open
- Think about Rachel and the sacrifice she made to make this school happen
- It's important that a charter school like this exists in East Oakland - focuses on Black students and Black student needs and no other charter school in East Oakland does this and is successfully recruiting in the Black community.
- Jessica does not have any confidence that this school will continue to function
- Expresses deep disappointment
- Is here because I care about this community
- *when* this charter school closed, it will make it so much harder to open new charter schools.
- Where are the working groups?
- Is not seeking out Aurum's failure but wants to see Aurum succeed
- Offered to serve on the board
- Does not want to be right a third time in her career about a school shutting down.

B. Executive Director's Report

Dr. Vincent provided an update for the school regarding the following:

- New faculty and staff hires
- Current student attendance data
- Updates to the facility security protocols and other maintenance items.
