Head Principal Patience Brown shared that roughly half of students are engaged in remote learning. We are thinking of new ways to promote family engagement for those families who are remote. Students with disabilities are receiving their mandated services remotely. Any questions or concerns, please contact anyone on the Academic committee.

The Chair and Trustees applauded the accomplishments of the staff on their stellar performance during this unprecedented time.

## III. Finance Committee

### A. Committee Update and Review of FY20 Audit

Finance Committee Chair Tyler McConnell met with committee and Auditor on Oct 15.

The Committee received an update from the Auditor per the attachment. BSNBCS

received the highest marks and a clean audit for fiscal year 20. Committee meeting minutes, financial documents and notes to financial statements were reviewed in detail by CFO Lisa-Renee. Current assets divided by current liabilities = 4.14, a great ratio reflecting our organization's financial strength.

Our Statement of Activities shows an increase in revenue and a decrease in expenses, due to conservative financial planning since March following and throughout the pandemic. 83% of expenses are dedicated to Program Services which is an excellent proportion of expense relative to non-Program Services. This means that most of our money is dedicated toward the betterment of the academic programming. We are spending 61% in teacher costs. 55% spent on teacher costs is the standard. More is better and we are doing great.

The school took prudent steps in FY20 to manage expenses due to the large level of uncertainty for school funding in FY21 and beyond, including loss of per pupil funding, lack of availability of additional funding and general fiscal instability at the federal, state and city levels. We do not anticipate any potential cuts in the short term, however, the school is monitoring possible medium or long term per pupil cuts from New York State, per current guidance on the New York State budget and deficit scenarios.

The Chair and Trustees applauded the accomplishments of the CFO and leadership on their stellar performance for a clean audit with no material findings or comments.

Joseph Sciame made a motion to to approve the audit.

Kevin Nesbitt seconded the motion.

The board **VOTED** unanimously to approve the motion.

#### **B. The unanimous votes were 9-0**
