We are in shape at \$5 million. Our escrow balances are solid. In addition to feeding our students, we are giving our teachers the tools they need to get the job done without red tape or bureaucracy.

We also paying for additional security.

We have no material significant or extraordinary expenses.

Our afterschool program is free. Our trips are free (including graduation and senior trip).

Our lunch is free.

We are in a strong financial position.

The auditors were in two weeks ago. An interim audit has been completed.

We are candidates for a single audit, now that we are a School Food Authority. The funds for food money has pushed us into this "single audit" candidate category.

We will be calendaring dates for our annual financial audit.

We have over 100 401K participants, with a few aging inactive accounts that we need to transition from under the BSNBCS umbrella.

Emeritus policies will be uploaded to our permanent board records.

Our 2020-21 board assessment is almost complete. There is just one outstanding assessment that needs to be completed.

BSNBCS has been working with the District Management Group (DMG) for the past three school years to develop our policies and frameworks, in partnership with several school districts across the country. Our three main points of focus with these partnerships have been on safety planning during the pandemic, equity in education and strategic planning. As a part of our membership with DMG, we have access to their virtual clinics on different topics.

If you are interested in committing to attending the three hour session next week on Tuesday, from 1pm-4pm, please let him know, He will register you for the event. If you are not able to commit to the full three hours, but are interested in getting looped in, He'll be happy to do a debrief for any interested folks,

Equity in Education: Making it Core

Tuesday, September 28, 2021 1:00 - 4:00PM ET

B. New Business: Annual Safety Plan

BSNBCS (and all NYS school districts/charter schools) is required to keep a 'district safety plan' in place and review it periodically. It documents our planning for emergencies, hazards, evacuations and coordination to keep our building safe. After we established this protocol five years ago, there have been relatively few changes to the plan, usually consisting of updating dates to the current school year or other minor adjustments. Last year, we added our COVID safety protocols as an annex to the document.

NYS requires us to codify the existing plan and have it be reviewed by the board for approval. The attached 2021-22 version, has no major updates from last year's approved version, other than the updated dates. Once approved by the Board, we can post this updated version to our website, completing the compliance requirement.

Kevin Nesbitt made a motion to approve the Safety Plan.

Cecelia Russo seconded the motion.

The board **VOTED** unanimously to approve the motion.
