### **A. Update on School Status**

School updates:

First ever Regents Examination, two courses were offered for 8th graders: Living environment and Integrated Algebra. 12 students took those classes and the exam, and they all passed it!

Comptroller Audit:

It was a one-day news story.

Calendar:

Was published during the last week and distributed to families. It meets all state requirements and is designed to improve student learning by keeping as many weeks whole as possible. Very popular change last year by extending the Thanksgiving break, we will keep this.

Added 3 days to the Spring Break for students and staff, so there are no orphan days after a long break.

Question:

Do students receive packets during summer and spring break?

Answer: They receive packets during the summer. In MS, they complete a project during the Spring Break. In LS they receive work aligned to the learning happening in class during that time.
