IV. Public Comment Period

A. Public comments in accordance with the ERA Public Comment Policy, updated May 5, 2020. Please submit emailed public comments to board@enoriveracademy.org for the Sept 2020 meeting, pending appointment of the new Board Secretary.

Mr. O'Malley turned the meeting over to Mrs. Yagnow for the public comment period.

Mrs. Yagnow noted that there was one written comment that had been submitted prior to the meeting.

To summarize the written comment, Dawn and Ed Atkinson, parents of students in eighth, sixth, and third grades at ERA, encouraged that the school would allow younger students to return to in-person learning based on recent updates and adjustments allowed by the Governor's Office and the Department of Health and Human Services. The parents are open to find solutions to make this happen.

The next public comment was from Mr. and Mrs. Worth Overman, a parent of a senior, to ask the board to reinstate high school athletics based on a petition that was submitted previously as well as the research that supports the benefits of sports. They also asked that the high school move to Plan B for learning for their students as soon as possible.

The next public comment was from Scarlett Jordan that asked that students and families be given the chance to continue with virtual learning for this year even if the school leadership and the Board determines to bring students back for in-person learning.

Mr. Tapper asked if the Board could give a response to public comment. Mrs. Anspach stated that the public comment period is not a Q & A session. The typical process is to take the feedback and then come back with an answer or update. Mrs. Yagnow indicated that since many of the concerns and questions presented were COVID-related that parents could get some answers with the next agenda section. Mr. Tapper noted that was relevant for tonight's concerns/questions; however, it may not always be the case. Mrs. Yagnow stated that this would be a good topic to discuss at the October retreat and determine what is the best process. Mrs. Gonzalez noted that it is always good to be as transparent as possible and make sure this information is publicly available. Ms. Bair let Mrs. Gonzalez know that there is a weekly update sent each week to parents and also posted on the website.

V. Covid-19 Updates

A. Update on COVID-19

COVID 19 percentage of positive test cases by county:

Orange 2.8%

Alamance 5.4%

Durham 3.4%

Chatham 3.3%

Overall Average 3.7%

State of NC Average 5.4%

~Staff and Family surveys will deploy tomorrow. These will give us updated numbers of staff and their level of concern for returning to face-to-face instruction and how many families will participate in Plan B (hybrid) vs. virtual.

Mrs. Barr asked if the Board was part of the day-to-day decision process with this and if the Board was making any of those decisions with returning to school.

Mrs. Yagnow asked about the bias and conflict of interests with healthcare professionals serving as consultants for ERA's plan on returning to in-person learning. Ms. Bair indicated she has also consulted with the Orange County Health Department for their expertise and insight.

Mrs. Yagnow also asked for more updates on what's happening and how decisions are being made as related to COVID-19 and school opening/closing. She indicated that the monthly updates were not feeling sufficient.

Mr. Penny suggested that the Board would be setting up a conflict of interest with getting into the day-to-day operations by asking for more updates. Mrs. Anspach suggested that we be cautious about not involving parents who have expertise in certain areas as we want to leverage those available resources. She also indicated that there would be a big shift in how the Board operates with getting information and the frequency of meetings.

Mr. Tapper suggested that COVID-19 is different than day-to-day operations and would want a more collaborative approach in being informed. Mrs. Barr suggested that if the Board wants to make the decisions that they need to be take more action in the process. Mrs. Yagnow clarified and stated that she wants the Board to be more informed of the process in the decision-making. Mrs. Gonzalez said there should be some clarity of how information sharing and trusting the process. She also indicated that while we should tap into our internal talent pool, we should also look at other resources to make decisions.
