- Shows current percentages and how they have gone up since December. January Covid-19 percentages have increased.
- Cases by Age- has gone up as well in January
- Comparison of NC County numbers- All have gone to red risk category- recommended plan C based on those numbers
- What we have done well- ERA High School numbers-
 - EOC 1st semester- See graph for pass rates - Math 1 -73% Math III -93%, Eng II- 78%, Biology 84% (pass rates)
- K-5 data- can reference slide for specific numbers. -Fall 2020 numbers show high risk students are staying steady. Shows things are working and not a large slide backwards.
- Middle School- can reference slide for specific numbers- Again things are steady and not a large slide backwards.
- Other school districts- Details on surrounding school plans-slide available if needed.
- Considerations given- substitute availability, substitute funding, NC- Covid-19 Cases, At-risk factors.
- Recommendation- We should remain virtual learning for the remainder of the year
- Chance for planning- potential summer remediation, August schedule planning for remediation, especially for high-risk students- to be sure we are continuing to grow. High School looks a little different due to classes are completed. But looking at bringing remediation if needed.
- Discussion and Questions:
 - Sabrina- how can we support parents better through this virtual learning?

- Sarah- Pointing out new clubs coming out is helpful. Possible spring- events to get people together outside. Statistically and health wise virtual learning is supported but how can we make the best of it.
- Dianne- As parent of Kindergarten student- needs to support parents. It is a struggle. Information is key and very helpful to have this information of why the school is doing what it is doing.
- Mrs. Bair response- how do we keep kids engaged, ie virtual field day. Praise to ERA parents because ERA could not do it without parents. Next year will be different.
- Michael- sharing there are town hall meetings for discussion from parents.

- Current families are in the midst of declaring their intention for next year's enrollment. We've had a great response rate and families are committing to return. The deadline is the end of January.
- We had our first annual investor call on Thursday, January 14th. We met all of our covenants for FY20.
- EOCs scores have been released. Congratulations to the high school team for their efforts. We received recognition for our 2019-2020 graduation rate which was greater than 98%. This is a data point on the NC School Report Card.

VII. Committee Updates

A. PATH Update

No current update at this time

B. Future Visions Update

Meet 2/22 at 5pm Future Visions Meeting- zoom meeting

C. Finance Update

ERA December Budget Report

- All COVID-19 relief funds have been spent on items to support the staff and students during the pandemic.
- The final December purchase was for 80 additional Chromebooks. This will put us at or very close to our goal of 1:1 devices per student for all students in grades 3-12. The Chromebooks are estimated to ship in April, and should be available for use in at the start of the 2021-2022 school year.
- Federal funds that are calculated and disbursed on a January to December fiscal calendar were received by the school in December 2020. These funds are used to support our Exceptional Children program.
- The remainder of the budget is on track at a total of 53.14% remaining at this point in the fiscal year of July-June.
- As of now, we appear to be on track for a budget surplus at the end of the fiscal year that can be allocated for savings. This aligns with the administration and board's goal of fiscal conservatism to provide adequate rainy day funds in case of any future governmental revenue shortfalls.

Annual Investor Meeting

- As a condition of our bond financing, the school must hold a meeting annual with the investors to review the results of the financial audit. This requirement has been completed for the year by Ms. Bair and D.A. Davidson staff.

Annual Financial Audit

- ERA is audited each year by Petway, Mills and Pearson, PA. The results of these audits are released to the school and to the NC Department of Public Instruction.
- Highlights of the audit included reflection of the school's increase in ending fund balances for the 2019-2020 fiscal year and continued growth in our Average Daily Membership (ADM) for students.

The 2019-2020 audit had a result of 0 findings for ERA. Findings would be areas where the school was found to be not in compliance with financial processes and procedures. Many thanks to Ms. Bair for her continued stellar management of the school's financial status, processes and procedures
