- Easily tracks spending
- Alleviates staff from having to spend personal funds and expense items and get reimbursement.
- Tax benefits
- More transparency of spending

Dave discussed- Financial Controls, Procedures, and Policies documents that lawyer sent over and he and Adam reviewed. Development of a document that helps set all these.

Lindsay and Kristin's feedback- is this document would be very helpful to have. Lindsay recommends one card per building (ED, principals, deans have authorization over it).

Pamela- commented likes the card idea and ability to track and understand spending better and more transparently. Details of equability in requests of how to spend money on it.

Banker offered support around a purchase card.

Adam would need an amount for line of credit. The purchase credit card would not hurt our bond credit rating.

Charlotte-discussed there is a virtual card options if needed.

Overall both items are supported by board members.

- Dave went over timeline- ED hopefully starting end of June, can actual hiring.

- Notes:
  - [Calendar](#)
    - 173 days
    - 4 ERD
    - 9 TWD
  - 184 Days x 8 hours per day = 1472 hours
  - 3 part time employees (18hr/wk, 12hr/wk, 7.5hr/wk) - no benefits because not full time

Changes:

1. No longer will receive a check for 12 months (your bank should be able to set this 12 month payment schedule up for you should you want it to come during the summer - I called around and I know SECU can!)
2. Keeping note of hours via timesheets
3. Overtime, if a staff member approaches 40 hours, they must seek approval from the building principal first and determine how they would like to receive their overtime (comp time or overtime).
4. **Benefits will continue over the summer months.**

**Lindsay- got guidance from lawyer, went over exempt versus non-exempt employees (hourly staff versus salaried). It does include a 3% cost of living raise. This is beneficial to them and be sure they are compensated for work done. Paycheck should be the same each month (non-dependent on school holidays or days off)**

**Dave asked is the hourly rate and compensation competitive.**

## **VII. Officer and Liaison Updates**

### **A. Treasurer and Finance Update**

### 2025 Budget Talking Points

- 1) The biggest change in budget is the establishment of the salary pay scales.
  - This increases the state retirement budget since it is based on salary.
- 2) To achieve the salary pay scales, the following line items were affected:
  - Staff Development decreased to match what has been historically used as well as hoping to be fulfilled with incoming ED.
  - Facilities overall budget cut by ~\$220K to align with historical use as well as covering all contracts.
  - Technology budget decreased by ~\$27K with the tech update from ESSER funds in 2023-2024 school year.
  - After School Program is being balanced to be net neutral rather than a loss.
- 3) The 2024 budget had an estimated surplus of \$350K, while the 2025 budget has a surplus of \$37K (based on 820 ADM).
  - We are still meeting (exceeding) our bond requirements.
- 4) This budget increases the salary of most of our staff, which was our number one priority.
  - Includes an HR feature to ensure our staff have the support they need, and ERA stays in compliance.
  - Includes budget for an ED and separate K-8 principal for full year.

### Finance Update

Overall, we are at 17.73% of the total remaining expenses left for the year. At ~8.3% per month, we are exactly where we should be. I have submitted questions to Gretchen about revenue and end of year surplus/deficit, so I'll update again next month with additional information.

### **Moody's Press Release:**

Moody's Ratings has revised its outlook to positive from stable for Eno River Academy. The Ba1 bond rating has been affirmed. For fiscal 2023, the school has about \$19.6 million in total outstanding debt. The positive revision of the outlook reflects the school's progress toward reaching full capacity by fall 2024, coupled with a substantial accumulation of cash reserves. The school's strong financial management is demonstrated by its good liquidity and coverage metrics as it transitions from a growth phase to a stable operational environment and the renewal of its charter scheduled for July 1, 2027.

The affirmation of the Ba1 rating is driven by consistent generation of sound operating margins supporting maximum annual debt service coverage above 1.5x
