o Areas of concern:

- ♣ Unrestricted days cash is expected to be at medium risk for the remainder of the year (typical for a new charter school)
- ♣ The percentage of program paid by tuition – slightly under the recommended 90%. This means school will rely on private support. Additionally, metric is also reflecting a loss of students at end of year (currently showing a loss of 5 students).

o Other areas discussed for improvement:

- ♣ Current measures / metrics based on financials projecting out to end of year.
- Percentage of Program paid by Tuition
- Percentage of Program Paid by Tuition & Federal Grants
- Percentage of Total Revenue Expended on Facilities
- Change in Net Assets Percentage
- ♣ Suggestions made – include a measures column for Finance Committee to review these measures “to date” to allow for more detailed discussion around these metrics from beginning of year – to date.

2. SNP

o Assets

- ♣ LACS Cash & Total Assets in good standing.
- ♣ Purchases made during Q1&Q2 reflect major change between SNP recorded/audited July 2019 & January 2020 SNP reported.

o Liabilities

- ♣ Payroll is largest LACS debt recorded.
- ♣ No major long term debt.

3. Summary

o Overview

- ♣ Administrative costs – reflecting 86% of budget. Projecting to go over budget this year; however, Instructional Services is projected under budget (off-setting administrative costs).
