II. Management Report

A. School update and highlights

MM updated Trustees :

Completion and accuracy rates for remote learning work.: A small percentage are not doing much / any work (less than 25% of work) and these students are at risk of attending additional summer school or repeating grade. Leadership team has been granularly analyzing data to see who is completing work and supporting students who are not getting things done. Launching various programs & trackers to help engage these students. This extended school closure has the potential to further the achievement gap and LACS team is launching various programs to minimize this gap

Student recruitment - Goal 90 students per grade. Only have done one campaign due to COVID however 75 families for 6th grade who have accepted the invite to join. Another lottery will be held to build these numbers up. In a good place as of now.

Headcount : Goal to be 100% staffed by start of year. Currently 3 open roles and MM has final interviews with these candidates this week.

Facilities update: Will dig through this in more depth at retreat. Clear on process going forward to solidify facility plan

Budget Priorities : 100% support of our current staff model, sustain current academic program, end fiscal with balance budget,

III. Academic Achievement Committee

The board **VOTED** unanimously to approve the motion.

B. FY21 Budget Draft Review

MM showed the group 3 drafted versions of a budget for FY21. We will vote on this budget in June. These 3 drafts highlight where LACS would have to make cuts if put in the position to do so.

VI. Governance
