B. Review Dashboard

MM reported out on grant work:

- Most recent grant focus (40k received) = COVID remediation (summer enrichment) .
- Second grant applying for this fiscal year is due April 15 and would be the additional 30k.

- Third grant MM working on is geared for fall : a) Remediation for those students who have fallen behind (ie Saturday school). Another piece MM considering proposing surrounds transportation (LACS vans to support transporting kids - for summer enrichment and school in fall) .

LD & KD working on their networks. LD has received verbal confirmation & money should be rolling in the coming days/weeks.

LD to **firmly** reach out to the Board for 100% commitment at our March meeting.

C. FY21 Campaign

Institution for LACS partnership:

- STCC - MM meeting with Dr. Cooke tomorrow about other topics and will broach the idea of forming a relationship with LACS / separate and beyond what MM originally meeting about. MM - what will this relationship entail? DB: Benefits to

organization and benefits to LACS are in DB's recent email for MM to review talking points.

- KD thoughts on strong talking points = opportunities for college students to get experience working with LACS students ; doing good in the community etc ; LACS will have graduates in a few short years ready for a college like STCC
- DB - Elms College also a strong contender as they have "center for equity and urban education" .
- LF : HCC - Christina Royal is a great leader who worked her way up through education and would likely make this connection with LACS students. DB - only concern with HTC would be the distance.
- KD suggested having a more inquisitive approach to Institution involvement. More of a conversation about what *they* would find beneficial in this relationship versus an ask
- DB : change of direction! -- This should be more of a "conversation" with the schools. Central theme is to form a relationship with school/company that goes beyond just a financial relationship. A true partnership and Institution and LACS can explore this idea together and grow relationship over time.
- Next steps : MM to have this "conversation" with Dr. Cooke , Dr. Seymour , and President Harry Dumay at Elms. DB to possible join for Dr. Dumay meeting.

Private Company:

- Mass Mutual has a commitment to support the north end of Springfield. We NEED to approach them!
- MM approached pre-operation and it was shared that at the time, they shifted priorities from directly funding schools. That said, due to BLM movement they have likely shifted priorities.
- Next Steps:
 - DB : Kari to do intel on Mass Mutual Foundation and their current philosophy surrounding giving to schools
 - DB to pick Northwestern brain
 - LD to reach out to Mary Walachy re: Mass Mutal intel on giving
