II. Management Report

A. Management Report

MM shared data dashboard- progress monitoring with principals across academies
Q1 Data is largely off track, but this is the pattern LACS lives in each year. Coming out of Q1 there will be a data and feedback arc for students and teachers. Effective independent practice with feedback is best way to grow. Built into LACS schedule (Data and Feedback during weeks 11-16). Shift from direct instruction and lecture in weeks 19-23. Principals using instructional coaches,
Collecting data, identifying trends, generating a fix wherever needed.
Aim to deliver high quality feedback to teachers and students.
Analyzing student mastery on exit tickets
KK noted the impressive shift in scheduling by making use of data in such a precise manner

Liberty St update- exterior 90% completed. Interior- drop ceiling installed, primed and painted. Flooring coming up next week. Vendors needing coordination to avoid stepping on each other. Certificate of occupancy reliant on transformer- needs to be inspected by city. Elevator necessary for certificate of occupancy. Drainage needs resolution with city before paving. VAS Development working to resolve. MM meeting twice a week with VAS to be able to make decisions as timelines collide. Moving forward on schedule to have staff start in building on January 6. Staff 1/6-9, half day on 1/9, half day on 1/10 with other half of school. Monday 1/13 with everyone half day. MM is considering contingency plans, such as moving in a week later or two, but still moving ahead with agreed upon deadline as the true start. Packing will be happening in December.

AS asked about media coverage- MM thinks no for the first week of school, but considering for Open House on 1/30. Preview for donors day before open house 1/29
AS asked about creating a time capsule- MM sent idea to director of operations
SL commended MM for being on top of this process
