III. Committee Reports

A. Academic Achievement Committee

NB shared that MM had updated the committee about ELA scores being off track.

Science scores had also experienced a dip. Math scores better overall, but all areas need a big push to meet testing goals. All teams had come together effectively to put in place interventions and targeted learning to improve learning and scoring.

B. Finance Committee

K. Diamond Kayiatos made a motion to approve December Financials.

C. Resto seconded the motion.

PK shared that financial dashboard was healthy and that the committee was prepared to address ongoing issues with the pause in federal grants. Two yellow areas but no major concerns.

KDK asked about the drawing down of funds- MM indicated that the state had to approve, and then daily cash will increase. JG indicated that a current injunction is recently in place to keep money flowing, so hopefully DESE can act this week. PM suggested keeping the drawn down cash in a separate account to demonstrate transparency.

The board **VOTED** unanimously to approve the motion.
