GOAL #1: STUDENT SUCCESS

Sage Oak Students Scored Higher than State Averages

This year, all schools and programs performed higher than state scores.

★Virtual Learning Academy★

VLA students **increased their scores by 8% in English Language Arts** and **9% in Math**, outpacing the state by more than four times in ELA and five times in Math. Two key shifts supported this growth: the pilot of Math Power Standards, which strengthened data-informed instruction and targeted skill support, and new writing benchmarks aligned to ELA Power Standards, which brought greater clarity and consistency to writing expectations.

★Personalized Learning Academy★

Personalized Learning Academy students scored **3% higher than the state in ELA** and **6% higher than the state in Math**.

★High School★

Our **11th graders outperformed the state by 15% in ELA and over 12% in Math**. Their rate of growth was nearly seven times higher than the state in ELA and more than three times higher in Math.

High School AVID Students Explore San Diego Colleges

On October 17th, AVID hosted its first college tour of the year, a full-day, three-campus tour of colleges in San Diego. Twenty-six students and parents visited the University of California, San Diego (UCSD), the University of San Diego (USD), and San Diego State University (SDSU), concluding the day with pizza and bowling at Aztec Lanes on the SDSU campus.

Postsecondary Pathways Highlighted During College & Career Week

Sage Oak high school students participated in College & Career Week, from November 3rd to November 7th. Students participated in live College and Career classes, and the counseling team hosted webinars, including "Finding Your Why," the Cal State Application Workshop, and the Resume Building Workshop. **More than 50 students attended** the live sessions and reported increased awareness and motivation as they continued planning for their future goals.

Purposeful Practices Power Progress

Sage Oak teachers completed the first round of Power Standards Math Quick Checks during learning period meetings, using creative strategies, such as Learning Focus Bingo and the Super Hero Challenge. This work connected directly to the in-person Professional Learning Community (PLC) meetings, where teachers deepened their focus on meeting students where they are through clear learning targets, "I Can" statements, and consistent, data-informed instruction.

Amira Accelerates Reading Readiness

Sage Oak currently has **225 first- and second-grade students using Amira** to support their reading groups, with 72 additional students participating in its independent tutoring program. Amira, an AI-powered reading tutor grounded in the Science of Reading, provides real-time feedback, identifies skill gaps, and tracks progress to help teachers tailor instruction. Early data and published research show that Amira accelerates reading growth more quickly than traditional methods.

OF STUDENTS RATED
SUPPORT AS VALUABLE

Tutoring that Transforms

Sage Oak continued to expand academic support this year by offering free tutoring services in English language arts, writing, and math through Tutor.com for students in grades 4th-12th, resulting in **243 completed sessions and nearly 125 hours of one-on-one support** since the start of the school year. Thirteen high school students achieved a combined 281 percent growth in math as a result of the tutoring support.

Renewed Efforts Strengthen Support of EL Students

Sage Oak held its first English Learner (EL) Consortium meeting of the year, launching a renewed effort to strengthen collaboration among local charter schools in support of EL students. We anticipate continued partnership and shared learning throughout the year.

GOAL #2: ENGAGEMENT

Cultural Fairs Bring Global Awareness

The Personalized Learning Academy hosted its first-ever Cultural Fairs on November 7th and 14th. Nearly **100 students presented projects** that combined research, writing, and visual or performing arts. Students explored geography, language, traditions, and food while showcasing artifacts, clothing, artwork, and performances. Attendees enjoyed a cultural performance, visited student booths, participated in hands-on crafts, and collected stamps in a cultural passport as they "traveled" through the fair.

GOAL #2: ENGAGEMENT

Bringing Learning and Leadership to Life at Pali

Sage Oak 4th-12th-grade students brought learning to life at Pali Institute! Through hands-on STEM lessons, outdoor exploration, and real-world challenges, our students didn't just study nature—they stepped right into it. From analyzing rock formations to participating in team-building activities, each experience helped build confidence and leadership skills.

Sage Oak Students Exemplify Service

Sage Oak students spent the day serving at the Family Service Association of Redlands. Students assembled two pallets of donation boxes and helped organize the thrift store donations.

PAGE Parents Prepare for the Path Ahead

The Program for Advanced and Gifted Education (PAGE) hosted a "High School 101" parent webinar, attended by 21 families. Lauren Holman, Middle School Coordinator, Mackenzie Akins, High School Counselor, and Amy Elwood, Student Services Coordinator, presented on advanced middle school coursework, leadership and engagement opportunities, and Sage Oak's high school programs. Sage Oak high school student Nina Sullivan shared her AVID and advanced course experiences, giving parents a firsthand look at student opportunities and support.

Virtual High School Club Rush

A virtual High School Club Rush was held on October 1st and 2nd, where **81 students attended showcases** led by club presidents who had practiced their elevator pitches with ASB Advisor Danny Levin. Guests included Myrna Castrejón, Executive Director of CCSA, Xavier Oduña, Political Advocacy at CCSA, Reginea Jackson, CCSA Inland Empire Representative, and Dr. Edwin Gomez, Riverside County Superintendent of Schools.

GOAL #3: SMART LEARNING SYSTEMS

Empowering Instruction in Virtual Learning

Brad Bookser, Director of Information Technology, Traci King, Director of Secondary Education/Principal, and Ash Wilson, Systems Integration Manager, led “Empowering Instruction in Virtual Learning by Implementing Artificial Intelligence and Automating System Integrations,” demonstrating how Sage Oak is applying AI and automation to enhance instruction and streamline operations. They also presented “Vibe Coding with AI: From Ideas to Apps,” highlighting our low-code development approach for quickly building custom tools that meet school needs.

Technology Training Empowers Innovative Instruction

In October, Jennifer Ortiz, Technology Training Facilitator, led two virtual professional development series focused on effective EdTech integration. The first session, co-facilitated with Mary Hizon-Barry, Virtual Learning Academy Assistant Principal, highlighted high-impact instructional strategies using MagicSchool and Hapara and received highly positive feedback from over 80% of participants. The second series, delivered with Amber Chin, Assistive Technology Specialist, supported SPED case managers in using Assistive Technology and Universal Access Tools. The training received an average relevance rating of 4.7 out of 5.

I plan to make the groupings for my math class and reading class sense scores are different. Also, having my para use the colors to know who to work with.

IT Drives Data-Driven Decisionmaking

The Information Technology (IT) team is utilizing Digital Insights, a tool for tracking the frequency of instructional and operational software usage. Sage Oak will use this data to identify which digital tools are truly effective and which may require additional training or awareness. This integrated reporting will enable Sage Oak to make more informed purchasing decisions, ensuring that we invest in tools that genuinely support students and staff, and reduce spending on programs that are underutilized.

Custom Chrome Extension Enhances Efficiency

This month, the Information Technology (IT) team introduced a custom-built Chrome extension tool that enables teachers and registrars to quickly locate the exact section they need from the course catalog, eliminating the need to search through multiple Google Sheets or navigate scattered information. By simplifying course lookups and enhancing scheduling efficiency, the extension represents a significant step forward in supporting accurate and timely student placement.

Introduction & General Comments

California State Law mandates that all charter schools must adopt a First Interim Budget (FIB) annually by December 15. This report compares the actual expenditures up to October 31, 2025, to the FIB and the July Budget for the fiscal year 2025-26. The 2025-26 FIB presents Sage Oak's revenue and expenditure forecasts for the current fiscal year and the two subsequent fiscal years.

Included in this report for each of the three Sage Oak Charter Schools are:

- A summary analysis of operations, cash, and changes to revenues and expenditures.
- A detailed statement of activities, also known as the Profit and Loss (P&L), offers account-level details for the current expenditures up to October 31, 2025, along with the FIB and July Budget.
- A Multi-Year Projection (MYP) that offers a view of Sage Oak's anticipated growth trajectory.
- The cash flow reports for the current year and the following fiscal year provides an overview of Sage Oak Charter Schools' expected cash position.

Sage Oak Charter Schools is projected to generate an operating surplus for the 2025-26 fiscal year, with a combined annual net revenue of \$2.0M (2.5% of expenditures). Sage Oak Charter Schools' exceptional financial strength enables the schools to invest heavily in students and staff. The projected ending fund balance of \$28.0M represents 34.9% of annual expenditures, equivalent to 127 operating days of potential cash. Each School is well-prepared to navigate unforeseen economic circumstances and accommodate the growth of additional students.

In the 2025-26 fiscal year cash flow analysis, it was observed that the consolidated cash is projected to reach its lowest point at the end of November 2025, with \$21.6M cash on hand. This cash reserve is deemed sufficient to sustain operations and safeguard against potential economic shocks.

Assumptions related to the production of Sage Oak's Multi-Year Projection (MYP) are listed on the Funding Assumptions page.

The presented information will be compiled into the required report format for each authorizing district, along with any other necessary supplemental financial data required by each authorizer. These reports will be certified by the Chief Financial Officer (CFO) and promptly delivered to each authorizer following Board approval.

Per Education Code 42130(a)(1), the certifications are defined as follows:

- Positive: Will meet financial obligations for the current and two subsequent fiscal years.
- Qualified: May not meet financial obligations for the current and two subsequent fiscal years.
- Negative: Will not meet financial obligations for the current or the subsequent fiscal year.

Sage Oak Charter Schools will submit a Positive Certification for the 2025-26 FIB.

Funding Assumptions

Enrollment & Average Daily Attendance (ADA)

- Grade band information is provided on the Enrollment & ADA Assumptions page.
- The 2025-26 First Interim Budget (FIB) utilized a 99.4% ADA-to-enrollment ratio, while the Multi-Year Projections (MYP) for 2026-27 and 2027-28 utilized a 99.2% ADA-to-enrollment ratio across all grade bands.
- The 2025-26 FIB projects an enrollment of 5,435, with an ADA of 5,402. The projected growth rates are 8.6% for 2026-27 and 8.5% for 2027-28.
- The three-year rolling average for the Unduplicated Pupil Percentage (UPP) averages 47.5% across all Sage Oak Charter Schools.

LCFF 2025-26 Adjusted Base Grants per ADA			
TK-3	4-6	7-8	9-12
\$12,290	\$11,300	\$11,634	\$13,834

- The TK add-on is \$5,435.
- These assumptions serve as data inputs for calculating revenue in the Local Control Funding Formula (LCFF) calculator.

Multi-year Funding

- The projected budgets for the 2025-26 fiscal year use the cost-of-living adjustment (COLA) estimates that align with the SSC Dartboard published on July 22, 2025. For the following two fiscal years, the COLA estimates are in alignment with the data disseminated by the Charter Schools Development Center's (CSDC) Leadership at its 2025 annual Conference.

	2025-26	2026-27	2027-28
COLA	2.30%	1.26%	3.42%

Federal Funding

- Continued participation in Title I Part A, Title II Part A, and Title IV Part A programs under the Every Student Succeeds Act (ESSA).
- The Federal Individuals with Disabilities Education Act (IDEA) funding is projected to be \$157 per ADA. For the MYP for 2026-27 and 2027-28, IDEA funding is aligned with the multi-year funding COLA shown in the table above.

State Funding

- LCFF revenue is calculated using the latest version of the Fiscal Crisis & Management Assistance Team's (FCMAT) LCFF calculator, with COLA estimates aligned with the multi-year funding table shown above.
- The preliminary funding for Proposition 28 in 2025-26 includes an entitlement of \$0.7M, with \$0.5M allocated in the 2025-26 FIB. For the MYP for 2026-27 and 2027-28, funding was augmented based on the COLA for each year. LEAs must allocate a minimum of 80.0% of these funds towards staffing for arts education instruction, while the remaining portion is designated for training supplies, curriculum, professional learning, materials, and arts educational partnership programs.
- The allocated funding of \$2.4M from the Arts, Music, and Instructional Materials (AMIM) Block Grant has been included in the 2025-26 FIB. Management plans to utilize these funds during the 2025-26 fiscal year to support student field trips, student technology, data analytics software, and professional development.
- The \$2.5M Learning Recovery Emergency Block Grant (LREBG) will continue to be utilized in the 2025-26 fiscal year, with \$0.8M allocated and the remaining amount to be utilized before the grant's expiration date of June 30, 2028.
- Lottery funding, unrestricted and restricted, is budgeted based on \$190 and \$82 per ADA, respectively.
- Special Education AB602 revenue is budgeted at \$917 per current year ADA. For the MYP, the amount was augmented based on the COLA for each year.
- Mandated Block Grant is funded at \$20 and \$57 per ADA for K-8 and 9-12, respectively. For the MYP, the amount was augmented based on the COLA for each year.

Local Funding

- Approximately \$0.8M in interest revenue is projected from funds held at the San Diego County Office of Education Treasury and Chase Bank.

One-Time Funds

Usage of One-Time Grants:

Sage Oak strategically utilizes one-time grants to maximize student benefits while ensuring long-term fiscal responsibility. This involves balancing the timing and restrictions associated with each grant.

Financial Impact of Grants:

One-time grants represent an average of 4.3% of revenue for the current fiscal year. Despite being substantial in absolute terms, it is relatively small compared to the overall budget, illustrating their limited impact on the Schools' budget.

Long-Term Planning:

Sage Oak conducts financial modeling to ensure effective operations after the one-time grants are spent. The sustainability of expenditures tied to the one-time grants is assessed based on the Schools' growth. As the School grows, the reliance on one-time grants decreases, and expenditures related to these grants can be maintained through the Schools' increasing revenue.

Overall Strategy:

Management decides how the Schools' growth can cover ongoing expenses without future dependence on one-time grants. As the School expands, the proportion of revenue from one-time grants decreases relative to total revenue, and the expenditures initially supported by these grants can continue seamlessly, if opted, with the Schools' projected growth in revenue.

Explanations of One-Time Funds:

Grant	Expenditure Details:
Learning Recovery Emergency Block Grant	The Learning Recovery Block Grant will be utilized for salaries, benefits, and programs that are Multi-Tiered System of Support (MTSS).
Educator Effectiveness	The Educator Effectiveness Grant currently covers expenses for teacher induction programs, coaching, local teacher training, conferences pertaining to teacher and independent study modules, and diverse training for staff.
A-G Completion	The A-G Completion Grant covers expenses for the Advancement Via Individual Determination (AVID) programs offered by Sage Oak.
Arts, Music, and Instructional Materials Discretionary Block Grant	The Arts, Music, and Instructional Materials Discretionary Block Grant (AMIM) will support student field trips, student technology, data analytics software, A.I. integration, and staff professional development.
Literacy Screenings Professional Development	The Literacy Screening and Training Grant will be used to assess kindergarten through second-grade students for potential reading difficulties.
Student Support and Professional Development	The Student Support and Professional Development Grant will be used to support instructional-related expenses and other operations.
Ethnic Studies	The Ethnic Studies Grant will be used to support ethnic studies curriculum for high school students.

Federal Funds

Usage of Federal Grants:

Sage Oak strategically utilizes federal grants to maximize student benefits while ensuring long-term fiscal responsibility. This involves balancing the timing and restrictions associated with each grant.

Financial Impact of Grants:

Federal grants represent an average of 2.1% of revenue for the current fiscal years. Despite being substantial in absolute terms, it is relatively small compared to the overall budget, illustrating their limited impact on the Schools' budget.

Long-Term Planning:

Sage Oak conducts financial modeling to ensure effective operations after federal grants are fully expended. The sustainability of expenditures tied to the federal grants is assessed based on the Schools' growth.

Overall Strategy:

Management decides how federal expenses can be covered by the Schools' growth without future dependence on federal grants. As the school expands the proportion of revenue from federal grants remains steady and/or decreases relative to total revenue, and the expenditures initially supported by these grants can continue seamlessly, if opted, with the Schools' projected growth in revenue.

Explanations of Federal Grants:

Notes:
The school remains financially sustainable even without federal grant funding. Core operations are primarily supported by state and local funding, including Average Daily Attendance (ADA) revenue, not reliant on federal sources. Strong fiscal management, healthy reserves, and conservative budgeting ensure the school can continue providing quality education. While some grant-funded programs may be scaled back, the loss of federal grants would not impact the school's overall financial health or ability to serve students.

Sage Oak Charter School - South First Interim Budget 2025-26

Summary Analysis

Sage Oak Charter School - South

Summary of Results

The 2025-26 First Interim Budget (FIB) projects a net revenue of \$0.5M. Net revenue changed by \$0.5M from the 2025-26 July Budget of \$0.06M. Positive net revenue and a strong reserve balance will allow Sage Oak Charter Schools to end the 2025-26 fiscal year with a reserve of \$5.3M, which is 52.5% of annual expenditures.

Cash Flow

In the budgeted year's cash flow analysis, it was observed that the cash is projected to reach its lowest point at the end of August 2025, with \$4.5M cash on hand. The cash reserve is deemed sufficient to sustain operations and safeguard against potential economic shocks.

Changes to Revenue

The 15.6% change in revenue from the 2025-26 FIB to the 2025-26 July Budget is mainly due to Local Control Funding Formula (LCFF), federal, and state revenues. Student average daily attendance (ADA) changed from 609 during the 2025-26 July Budget to 689 in the 2025-26 FIB.

Changes to Expenditures

Sage Oak-South has an overall change of 10.4% in expenditures from the 2025-26 July Budget to the 2025-26 FIB. The change can be attributable to staffing, material, and service costs associated to shifts in student enrollment.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Sage Oak Charter Schools (the School), a California nonprofit public benefit corporation, which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the School as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sage Oak Charter Schools and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Board of Directors
Sage Oak Charter Schools

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Board of Directors
Sage Oak Charter Schools

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the School's financial statements as a whole. The Sage Oak – South, Sage Oak Charter School, Sage Oak – Keppel, and Eliminations columns in the statements of financial position, activities, and cash flows as well as the supplementary information (as identified in the table of contents) accompanying supplementary schedules, and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the local education agency organization structure but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated REPORT DATE on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

**SAGE OAK CHARTER SCHOOLS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Sage Oak Charter Schools (the School) consists of three charter schools and is a nonprofit benefit corporation under the laws of the state of California. As of June 30, 2025, the School operated the following charter schools:

- Sage Oak Charter School – South
- Sage Oak Charter School
- Sage Oak Charter School – Keppel

Basis of Accounting

The financial statements have been prepared on the accrual method of accounting and accordingly reflect all significant receivables and liabilities.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses

Costs of providing the School's programs and other activities have been presented in the statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit. The expenses that are allocated include salaries and wages, pension expense, other employee benefits, payroll taxes, other fees for services, office expenses, printing and postage, information technology, and other expenses, which are allocated on the basis of estimates of time and effort.

Cash and Cash Equivalents

The School defines its cash and cash equivalents to include only cash on hand, demand deposits, and liquid investments with original maturities of three months or less.

**SAGE OAK CHARTER SCHOOLS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Asset Classes

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Accounts Receivables

Accounts receivable primarily represent amounts due from federal and state governments as of June 30, 2025. Management believes that all receivables are fully collectible, therefore no provisions for uncollectible accounts were recorded.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are payable in two installments on or before November 1 and February 1. Unsecured property taxes are not a lien against real property and are payable in one installment on or before August 31. The County bills and collects property taxes for all taxing agencies within the County and distributes these collections to the various agencies. The sponsor agency of the School is required by law to provide in-lieu property tax payments on a monthly basis, from August through July. The amount paid per month is based upon an allocation per student, with a specific percentage to be paid each month.

Revenue Recognition

Amounts received from the California Department of Education are conditional and recognized as revenue by the School based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in net assets without donor restriction, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in net assets with donor restriction.

**SAGE OAK CHARTER SCHOOLS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

All contributions are considered to be available for use unless specifically restricted by the donor. Amounts received that are restricted to specific use or future periods are reported as contributions with donor restrictions. Restricted contributions that are received and released in the same period are reported as promises to give without donor restrictions. Unconditional promises to give expected to be received in one year or less are recorded at net realizable value. Unconditional promises to give expected to be received in more than one year are recorded at fair value at the date of the promise. Conditional promises to give (those with a measurable performance or other barrier and a right of return) are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Conditional Grants

Grants and contracts that are conditioned upon the performance of certain requirements or the incurrence of allowable qualifying expenses (barriers) are recognized as revenues in the period in which the conditions are met. Amounts received are recognized as revenue when the School has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred revenues in the statement of financial position. As of June 30, 2025, the School has conditional grants of \$5,061,371 of which \$5,061,371 is recognized as deferred revenue in the statement of financial position.

Income Taxes

The School is part of a nonprofit corporation exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. Accordingly, no provision has been made for income taxes. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. The School is subject to income tax on net income that is derived from business activities that are unrelated to the exempt purposes. The School files an exempt school return and applicable unrelated business income tax return in the U.S. federal jurisdiction and with the California Franchise Tax Board.

Leases

The School leases office space and equipment. The School determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets, and operating lease liabilities on the statement of financial position. Finance leases are included in financing ROU assets, and lease liabilities – financing on the statement of financial position.

**SAGE OAK CHARTER SCHOOLS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

ROU assets represent the School's right to use an underlying asset for the lease term and lease liabilities represent the School's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. As most of leases do not provide an implicit rate, the School uses a risk-free rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the School will exercise that option. The School has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or ROU assets on the statement of financial position.

The School has elected not to separate nonlease components from lease components and instead accounts for each separate lease component and the nonlease component as a single lease component.

The School's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

In evaluating contracts to determine if they qualify as a lease, the School considers factors such as if the School has obtained substantially all of the rights to the underlying asset through exclusivity, if the School can direct the use of the asset by making decisions about how and for what purpose the asset will be used and if the lessor has substantive substitution rights. This evaluation may require significant judgment.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the School has elected to use a risk-free rate determined using a period comparable with that of the lease term for computing the present value of lease liabilities.

Evaluation of Subsequent Events

The School has evaluated subsequent events through REPORT DATE, the date these financial statements were available to be issued.

**SAGE OAK CHARTER SCHOOLS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date. Financial assets available for general expenditures comprise cash and cash equivalents and accounts receivable for the total amount of \$33,462,331.

As part of its liquidity management plan, the School monitors liquidity required and cash flows to meet operating needs on a monthly basis. The School structures its financial assets to be available as general expenditures, liabilities and other obligations come due.

NOTE 3 CONCENTRATION OF CREDIT RISK

The School maintains cash balances held in banks and revolving funds which are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC). At times, cash in these accounts exceeds the insured amounts. The School has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on its cash and cash equivalents.

The School also maintains cash in the County Treasury (the County). The County pools these funds with those of other educational Schools in the County and invests the cash. These pooled funds are carried at costs which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool. The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et. seq. The funds maintained by the County are either secured by federal depository insurance or collateralized. The fair value of the School's deposits in this pool as of June 30, 2025, as provided by the pool sponsor was \$19,972,512.

NOTE 4 PROPERTY, PLANT, AND EQUIPMENT

Property, plant and equipment in the accompanying financial statements represents building improvements in progress. Depreciation expense associated to the building improvements for the year ended June 30, 2025 is \$134,362.

The components of property, plant, and equipment as of June 30, 2025 are as follows:

NOTE 5 EMPLOYEE RETIREMENT

Multiemployer Defined Benefit Pension Plans

Qualified employees are covered under multiemployer defined benefit pension plans maintained by agencies of the state of California. The risks of participating in this multi-employer defined benefit pension plan are different from single-employer plans because: (a) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers, (b) the required member, employer, and state contribution rates are set by the California Legislature, and (c) if the School chooses to stop participating in the multiemployer plan, it may be required to pay a withdrawal liability to the plan. The School has no plans to withdraw from this multiemployer plan.

State Teachers' Retirement System (STRS)

Plan Description

The School contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiemployer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. According to the most recently available Comprehensive Annual Financial Report and Actuarial Valuation Report for the year ended June 30, 2024 total STRS plan net assets are \$341 billion, the total actuarial present value of accumulated plan benefits is \$482 billion, contributions from all employers totaled \$8.577 billion, and the plan is 76.7% funded. The School did not contribute more than 5% of the total contributions to the plan.

Copies of the STRS annual financial reports may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, CA 95826, and www.calstrs.com.

Funding Policy

Active plan members hired before January 1, 2013 are required to contribute 10.25% of their salary and those hired after are required to contribute 10.205% of their salary. The School is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for year ended June 30, 2025 was 19.10% of annual payroll. The contribution requirements of the plan members are established and may be amended by state statute.

NOTE 5 EMPLOYEE RETIREMENT (CONTINUED)

Funding Policy (Continued)

The School's contributions to STRS for the past three years are as follows:

<u>Year Ended June 30,</u>	<u>Required Contribution</u>	<u>Percent Contributed</u>
2023	\$ 3,461,231	100%
2024	\$ 4,366,687	100%
2025	\$ 5,094,602	100%

NOTE 6 LEASES – ASC 842

The School leases equipment as well as certain operating and office facilities for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through April 2030. Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases. Additionally, the agreements generally require the School to pay real estate taxes, insurance, and repairs. The following table provides quantitative information concerning the School's lease for the year ended June 30, 2025:

Operating Lease Costs	<u>\$ 318,863</u>
Other Information:	
Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows from operating leases	\$ 316,306
Right-of-use assets obtained in exchange for new operating lease liabilities:	\$ 2,910,823
Weighted-Average Remaining Lease Term - Operating Leases	4.3 Years
Weighted-Average Discount Rate - Operating	4.01%

The School classifies the total undiscounted lease payments that are due in the next 12 months as current. A maturity analysis of annual undiscounted cash flows for lease liabilities as of June 30, 2025, is as follows:

<u>Year Ending June 30,</u>	<u>Operating Leases</u>
2026	\$ 779,051
2027	818,487
2028	834,308

Less: Interest	(294,306)
Present Value of Lease Liabilities	<u>\$ 3,194,300</u>

**SAGE OAK CHARTER SCHOOLS

NOTE 7 CONTINGENCIES, RISKS, AND UNCERTAINTIES

The School has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any required reimbursement would not be material.

In the normal course of business, the School is subject to legal claims. After consultation with the School's legal counsel, management of the School is of the opinion that liabilities, if any, arising from such claims would not have a material effect on the School's financial position.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Sage Oak Charter Schools
Redlands, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Sage Oak Charter Schools (the School), a nonprofit California public benefit corporation, which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated REPORT DATE.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Board of Directors
Sage Oak Charter Schools

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDE**

Board of Directors
Sage Oak Charter Schools

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Sage Oak Charter Schools' (the School) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2025. The School's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School's federal programs.

Board of Directors
Sage Oak Charter Schools

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A formal policy establishes expectations for professional behavior and promotes responsible online interaction that supports the school's mission. It also provides a framework for responding to misuse, maintaining transparency, and fostering a safe and respectful digital environment for the entire school community.

RECOMMENDATION:

It is recommended the Board approve the new 1015-SO Social Media Policy as presented for Sage Oak Charter School (#1885), Sage Oak Charter School - Keppel (#1886), and Sage Oak Charter School - South (#2051).
