2022-2023 Health and Safety Policy review

Tobacco Use Policy (Full Policy in Board Packet)

Intergenerational School Board of Directors (the “Board”) recognizes that the use of tobacco products is a health, safety, and environmental hazard for students, employees, visitors, and school facilities. The Board believes that the use of tobacco products on school grounds, in school buildings and facilities, on school property or at school-related or school-sponsored events or on the way to/from school is detrimental to the health and safety of students, staff and visitors. The Board acknowledges that adult employees and visitors serve as role models for students. The Board recognizes that it has an obligation to promote positive role models in schools and to promote a healthy learning and working environment, free from unwanted smoke/vapor and tobacco use for the students, employees, and visitors on the school campus.
