B. King presented the developed guidelines that were made with the leadership team, and these will be used to determine the change to a teacher's salary. Near west will have the most increases in teacher salary due to the amount of veteran staff, followed by TIS, then LIS. This would be an increase in expenses for IGS starting next year. Currently IGS is not very competitive with public schools. The guidelines have through the necessary committees before being presented to the board members. S. Miller stated that all current teachers will get raises but new and current teachers need to bring documentation in order to qualify for a higher salary.

The board **VOTED** unanimously to approve the motion.

S. Miller made a motion to move to discuss.

D. Clark seconded the motion.

The board **VOTED** unanimously to approve the motion.

S. Alonso discussed that GrowSchools is an organization that markets to help increase enrollment numbers. They stated that we would be able to get a large number of students enrolled with them during the next seven months. We want to amend the resolution because it is a bit broad, and we would like to get some clarifiers as needed.

L. Carpenter discussed that she and B. Nicolay, introduced IGS to Grow Schools. They only work with charter school enrollment and financing, which may be especially helpful for increasing the enrollment at LIS. There are 2 contract options that are being negotiated, and it would only take 45 students enrolled in all 3 schools, to break even. B. King discussed that GrowSchools would cap the amount we would pay, if they aren't able to get as many students enrolled as quoted. B. King also mentioned that finance did review and approve this in the earlier stages of discussion.

V. Governance

A. Discussion: Needed Skills and Recruitment

B. Nicolay stated L. Carpenter's contract will expire and that the vice chair, S. Miller, will be moving into the her place as chair of the board on June 1st. Vice chair, chair for facilities, chair for the advisory council, finance, PR/marketing, and HR positions immediately need to be filled. B. Nicolay announced that the next board meeting will be taking place on April 11th. B. Nicolay would like anyone with a recommendations to send him any resumes/LinkedIn, and the process the governance committee plans to take to review potential board members.

L. Carpenter stated the goal is to build the board up with more individuals. The goal is 11 board members per school, but a realistic amount of growth for now would be 2-3 members added. The board then discussed Startegic Planning dates for next year, they decided on June 8th 9am -12pm at TIS and July 20th as the backup date.

R. Bunton discussed the possibility of reaching out to IGS health care program to see if we can get a discounted rate by having one of their representatives on the board. The board agreed this would be good idea to look into further.
