VIII. Merger Update and Strategic Plan Refresh FY25

A. Merger Update

B. King discussed how TIS is adjusting to the LIS merger. She discussed how many of the new teachers are licensed, and some of their background. She let the board know that, IGS is working with the individual teachers who are still in need of licensures. B. King then discussed the percentage of students who transferred to TIS, along with their grade levels.

C. Dewerth discussed with the board that IGS is having difficulties with busing students to TIS. He mentioned how IGS was recommended a bus company from CMSD, but the drivers have been having difficulties picking up and dropping students on time due to the route. C. Dewerth mentioned that we are at an 84% attendance rate at school for the students who should be riding the bus, but are not due to the route issues. He was sent a new route from ODS that could fix the issue, but it would require the students that are picked up first, to be on the bus for an 1 hour and 45 minutes. Unfortunately, the route is so long due to ODS being over-capacity and not being able to split the route in half.

S. Miller stated she wanted IGS to over communicate with families regarding the bussing issue, so no one feels it's not a priority to us. C. Dewerth agreed with S. Miller, and stated he will keep in contact with families regularly.

A. Ahmad discussed with the board how he has seen the LIS students adapting to transferring over to TIS. He mentioned that he has seen only positive outcomes from this situation so far, student wise.
