The alumni student and parent submitted a letter to share their positive experience and how it helped the student on her path to high school and now college.

D. Elevator Speech & Social Media Posts

B. King went over the talking points that the board can use when speaking about the school with others. She encouraged board members to take the points and make the speech their own, as they serve as ambassadors in the community. She let the boards know that IGS will be looking into making the talking points into handheld cards, for board members to easily keep on hand.

II. Fundraising Report/Dashboard

A. Appeal Results

M. Granson went over the last appeal, and the obstacles that occurred when planning. She stated it was delayed due to the LIS-TIS merger and they originally wanted it to go in the spring or early summer. She let the board know about the cost vs revenue for the delayed appeal. The data showed that the spring appeal returns were less than expected, but there is a plan in place to ensure the next one succeeds.

B. End of Year Annual Appeal Plan

M. Granson stated the 2024 End of Year appeal will go out November 12th, and it is about the holistic teachings of the IG's. She let the board know that it will feature the return of TIS alumni and their contributions as staff members for the school.

D. Long Term Projections Gap Analysis

B. King presented a PowerPoint regarding the long gap analysis for each school along with potential best and worst case scenario outcomes. She let the board know that CMSD will not honor levy dollars this year due to the IGS grandfathered times status lapsing. They are now requiring the school to apply as if it's a new school in Cleveland. She reviewed the financials for each school, as if there was no fundraising done all year. B. Nicolay expressed concern with the worst-case scenario happening, and he'd like the finance committee to continue to give the board updates. L. Carpenter let the board know that this will be a discussion they will have multiple times throughout the year.

B. King presented the status of enrollment with both schools being below budget and continuing to try to enroll. The biggest issue was that there are only specific grade level spots open and almost every family that has inquired has siblings in grades that are full. The schools are receiving inquiries for next year, but having trouble filling current open spaces. C. Wald suggested we use current enthusiastic parents to help spread the word about IGS and its mission. B. King stated T. Wilson, the IGS Enrollment Specialist, will come talk to the board members in February to let the board know any way they can help with enrollment efforts.

Facilities were discussed. B. King said that NWIS is currently renegotiating the CMSD lease. The rent is affordable, but the required custodian is expensive. This is a CMSD

requirement and the building shares a boiler with the school building across the parking lot. C. Dewerth has a meeting with CMSD on November 21st, to further discuss.

IV. Consent Agenda

A. Consent Agenda-Approval of August 28, 2024 Minutes

L. Carpenter made a motion to approve the minutes from August 28, 2024 August School Board Meeting on 08-28-24.

B. King explained the policy updates due to recent legislation. The Board will also be reviewing a policy on religious celebrations and decorations. The Educational Advisory Council will craft a policy and will solicit Board feedback before bringing a draft to the Boards for a vote.

D. Clark asked why NWIS is doing DEI training and TIS is not. B. King stated that Principal Maimone is bringing in the Diversity Center to conduct these trainings to their mostly white staff. At TIS, Principal Ahmad has experience teaching DEI courses through Teach for America and is incorporating those elements into his regular PD meetings and communications.

B. King let the board know that a new student started at TIS and her IEP requires door to door bussing. She let the board know the law regarding having bussing in place and the costs associated.

B. Nicolay requested clarification on the busing plan for former LIS students to TIS, and asked how long the school plans on busing them. B. King let him know the expense of the private bus services being used now due to major issues with the CMSD-provided busing, and why we are carrying out our commitment to the LIS students this year with this solution. C. Dewerth, let the board know there have been no complaints since we have switched the LIS bus to private.

J. Lopez-Inman stated that the TIS Resolution needed to be adjusted because the amount was incorrect. She let the board know she will be crossing it out and initialing next to the correct amount before signing the Resolution.

V. Executive Committee

A. Introduction to the Merger Opportunity between TIS-East & Near West

B. King discussed the merger opportunity between TIS-East and Near West, and why the discussion became relevant through the Finance Advisory Council. She discussed that if the board decides to merge TIS-East into Near West, that it would allow all students to get high quality dollars, but only for the two remaining years. (This is paid per student) She also mentioned that would mean moving to only one sponsor (CMSD), and we would be one legal entity with two campuses and would share an IRN. She stated the main reason this has not been pursued in the past was not being able to disaggregate each school's report card as a merged entity. She mentioned, that in addition to her own and other leadership staff's statements, she reviewed this with each school during staff meetings, and allowed them to voice their opinions, many of which are included in their packet, along with a cover Memo from Mangen and Associations. The staff are unanimous that this is not the right time to pursue this option.

B. Nicolay stated he wants to hear more from Doug Mangen, himself, so that the board can ask more detailed financial questions. He suggested perhaps the Finance Advisory Council meeting would be a good meeting for this to go in greater detail.
