C. Mission Moment--Embarking on our 25th Year!

B. King informed the board that board member, Carolyn Wald, brought IGS the idea to bring 80 progressive employees to volunteer with IG Schools. This event will be taking place on Wednesday, October 8th, during IGS's fall break. She stated that this is being promoted to parents and they are able to volunteer as well as take full opportunity of the free childcare for the day. She let the board know the volunteers will be bussed to both schools, for 2 hours of service work. She explained that C. Wald and S. O'hara have been crafting an intergenerational project for each school based on their needs. C. Wald asked her landscaper if he would volunteer, and not only is he coming but he will also be donating supplies, staff, and instruction. B. King told the board there will be donated recess games, lunch from Progressive, PE equipment, and art project supplies curtesy of this project.

C. Wald told the board that she hopes this event will become a model for other schools as well, and will help IGS get more school engagement. B. King told the board she hopes all the individuals will be added to our mailing lists and would like to support further.

A. Ahmad told the board that the TIS Father's walk was today, and there were a lot of fathers in attendance. He said that there were more fathers than expected, they even ran out of donuts after ordering 100 of them, so it was a great turn out. A. Ahmad explained how TIS created a maze in the playscape and took time for parents and students to ask each other discussion prompts.

A. Ahmad also shared that Benediction High School came to their school for a high school fair, and following a successful event asked if the 8th grade TIS students would come tour their school. He also mentioned that the Harvey Rice Library, that is next door to TIS, allowed the students to borrow some books for a unit, and they have graciously offered a few other things TIS needed.

III. Revised 25-26 Budget and Long Term Forecasting

A. Understanding the Drivers Resulting in Budget Revisions

B. King discussed the NW and TIS budget drivers documents with both the FIGS and school board members. B. King informed the board that TIS is now receiving LEVY funds, which will now be shown in the budget. B. King explained to the board that the NW building expenses that were approved last year actually hit this FY, and that this change had to go in the revised budget.

A. Cascio explained to the board that the IGS health insurance provider increased this year compared to last year, and there's a bit more of a pocket expense for both IGS and staff to make up the difference.

B. King explained to the board that TIS lost some students who were enrolled, due to TIS not being able to provide transportation for the LIS students anymore, and she proceeded to go over the enrollment document. She showed the board where the deficits were compared to the approved budgeted goal number of students.

B. King let the board know that TIS hired a science teacher from an outside contractor. She explained that although there were increases in some areas, there was also some money saved, an example of this was less new staffing needing to be hired at both schools this year.

B. Revised FY 25-26 Budget

R. Nicolay made a motion to approve the revised FY 25-26 budget.

B. Norton seconded the motion.

B. King and S. Miller went over the Revised 25-26 Budget and Long Term Forecasting, which showed changes in the revenue side and the expenses.

The board **VOTED** unanimously to approve the motion.

C. 5-Year Forecast Slides & Discussion --coming soon

B. King let the board know that IGS and Mangen are currently working on the revised 5 year forecast, and that is a discussion that will be happening at the next board meeting.

B. Nicolay asked where the budget comes from, and he asked if the budget shows us in a difficult spot currently. S. Miller helped explain how the budget is determined and let the board know that IGS needs to redo their 5-year forecast budget before getting a clear picture of where the school is currently financially.

D. Official 3.5 Year Forecast for Submission to the Ohio Department of Education and Workforce

C. Wald made a motion to approve the official 3.5 year forecast for submission to the Ohio Department of Education and Workforce.

L. Carpenter seconded the motion.

Both Carolyn Wald and Bob Nicolay voted for a motion
