

Three Rivers Budget Narrative – 1st Interim

Interim reports are submitted at least twice during each fiscal year to provide an update on the district's financial condition. The first report, First Interim, covers the period ending October 31st. The second report, Second Interim, covers the period ending January 31st. The governing board must approve each interim report no later than 45 days after the close of each reporting period. For each interim report, schools must certify their ability to meet their obligations for the current and subsequent two fiscal years.

The 2022/23 First Interim budget certification is POSITIVE. Projections indicate that the school will be able to meet its financial obligations for the current and subsequent two fiscal years.

The interim budget includes projected revenues and expenditures for the remainder of the school year which are based upon the budget assumptions as indicated below along with the use of School Services Dartboard for revenue and expense projections. Actual revenues and expenditures have been reviewed and any budget revisions made as a result are detailed below.
