A. Bierman seconded the motion.

Adam: Thanks to Ms. Risner for her thoughts and all the teachers. If students are not able to attend the school will that count against them? Is there regulatory power or concerns about extending the school year? Participation in the program would be strongly recommended but ultimately optional.

Blunt: Do we have a gauge on how many students would come? It will already have a large impact on an already tumultuous year. Do we have an idea of the participation rate? We will get a strong response from students during intersession.

Smith: If Governor Newsom lifts some order, what is the thought about having staggered Summer school? The admin team will be contemplating a staggered return in August per Governor Newsom's announcement.

Mike: From a budget perspective the school can absorb the cost.

Mondragon: I feel like they have to keep working and keep learning.

Adam: If we can afford to do and the Teachers are willing to do or able to do. If we are able to offer it for people who want to continue learning. It would come down to, is it something we can stomach financially and do we have the instructors that could do it? Can we find out from more teachers about how they are filling? Next task would be trying to assess the appetite for it?

Next steps, survey parents, teachers, students, and staff
