N. Mondragon seconded the motion.

- JJMS owns the building.
- After two years, we have realized we need additional indoor spaces to use on campus for inclement weather
- Add a modular building. This building would have a lunchtime/PE capacity of at least 250 students, solving our indoor space problem.
- This urgently needed solution will cost approximately \$600,000. We hope to install the modular building during the Summer of 2025.
- This is planned in phases. We are in the planning phase.
- JJMS is in line to get one million dollars from the IRS for the employee retention fund. Expected in May of 2025
- The mortgage for our building is short-term. JJMS could refinance next summer. When JJMS refinances the 13 million, we can add the \$600k.
