Steele Street is getting re-paved. Good news but also many new logistics to be considered during the summer program!

Upcoming events include:

- School starts for students: August 16

Krishna shared that the state is considering a pause on most charter renewals, and an extension of two years on most charter terms.

Krishna shared updates on student enrollment and the Governor's proposal related to expanding transitional kindergarten.

Krishna shared about some new work to, over time, balance and lower class sizes. Will be multiple years of enrollment work and planning, and need to align with facility planning. Krishna invited others to participate if interested in helping think through those models.

Krishna shared about goals for the upcoming school year, including the four LCAP goals, and also additional proposed goals related to School-Home communications, student work portfolios, improved community and staff feedback cycles with decision-making, and strengthening anti-racist / anti-biased capacity across herself, staff, and community.

Krishna shared staffing updates related to teachers. Congratulations to Mr. Nate for stepping up into Amethyst! Mr. Nate and Mr. Bagaason are enrolled in additional summer Montessori training! Interviewing teacher candidates next week.

Loren asked how and when it would be decided to open or close classrooms in different levels? Krishna responded that staffing is a major limiting factor -- not easy to find trained teachers. Greg shared that the enrollment modeling work was about trying to answer that same question. Trying to get it ready to bring to the Board by August for further review.

Jan asked about the additional goals. Krishna shared that she wanted to be transparent about her own growth and development as the school's leader.

  - Providing spaces like this listening session.
- Specific areas of needed growth identified are:
  - Clarity of communication from both our school administration and the FAC;

Hae-Sin encouraged us all to adopt procedures and systems that collect data, report progress, and make this work a part of our structure and processes, and work to ensure that this is not a one-off. Kara agreed.

Jan commented that each Board Committee could take up and embed this work into their structures.
