B.

Record Attendance

C. Review of Action/Discussion Items

No reordering needed.

D. Board and Community Appreciations

Board members and community members shared appreciation for Olivia, Loren, and Hae-Sin, all of whom are finishing their board service at the end of the month.

Loren appreciated all the classrooms teachers and staff for Back To School Night. Greg echoed that appreciation.

E. Board Member Comment

None.

F. Presentations from the Floor

Sarah Morrill commented about attending tonight to learn more about board service.

II. Head of School Report

A. Head of School Report

Krishna shared her board report. The report is part of the Other Files section of this meeting.

Krishna shared upcoming events, including PD day, Read-a-thon, presentation for families from Dr. Rachelle Rogers-Ard, and upcoming Fall NWEA testing.

Daniel shared about Back to School Night. A recording and slides are included in the Head of School's report in the Documents section of this meeting.

Daniel shared about 8-8:15am time each morning, which allows students to start at their own pace, and for teachers to support just the students who need help -- much more organic way of starting class. And then school begins at 8:15am.

Daniel shared updates about coaching teachers on work systems: follow up work; work feedback; conferences; work going home; portfolios.

Tomorrow's PD day will include community building, news and updates, reviewing the Nautilus system, along with NWEA preparation and finishing up DIBELS assessment process this fall.

On enrollment, Krishna shared that overall is lower than what we approved in the budget. But in TK-K, it really helps students with distancing -- for the kids furthest away from being vaccinated. Fully staffed, but also staff absences are also up for a variety of reasons and the sub challenge remains very hard. Admin team has been in classrooms more than normal and so communication on email can be much slower than normal.

Greg asked about which NWEA assessments in which grades, and Krishna shared that we will administer 1-8th grade in math and reading.

Loren asked about the staff absences, and Krishna shared that *any* symptoms mean you can't come to work, and then you're waiting for test results -- that are mostly coming back negative -- but it's still time missing work. Krishna shared about talking with staff to support one another to stay well. Daniel added that even with all of that, the work in the classrooms and the amount of lessons happening this year is more than ever before.

Kara appreciated the transparency about the follow-up from lessons.

No other questions or public comments.

S. Wang arrived at 6:56 PM.

B. Discussion and review of COVID-19 procedures and policies

Greg gave an overview of the COVID procedures and policies that are in our posted Safety Plan.

Loren had a question about having a dashboard on the website that is updated more frequently.

Krishna responded that we could get one up and that capacity to update more than once a week is not possible at this time. OUSD updates theirs once week.

Loren also had a question about testing procedures. Krishna responded that we are directly following guidance from the county to accurately use testing supplies when needed.

No other questions, discussion, or public comments.

C. Greenberg left at 7:08 PM.

III. Finance Committee

A. Discussion Item - Committee Report, including year to date financial report

Stacey shared the committee report. Operating deficit is now in the forecast due to lower enrollment in Primary, which is an investment in keeping those classrooms open and students well spaced.

Cash is forecasted to be above our three-month on-hand goal for the rest of this school year.

The committee and Admin team have lots of next steps to mitigate this year's forecasted deficit and lots of time left in the year to shrink it.

Greg shared that the committee reviewed and recommended approval of the fencing contract on tonight's General Consent Report.

Jan asked about enrollment and folks leaving now or just not showing up at the beginning of school -- Krishna shared that it's mostly latter that folks never showed, particularly in Primary. Jan asked about the latest attendance and ADA, and Krishna responded that there are still start-of-school independent study contracts to resolve and factor in before reporting can accurately finished.

No other discussion or public comment.

IV. Academic Oversight Committee

A. Discussion Item - Committee Report

Jan shared the committee's report, heard more details from Daniel about recent coaching themes. Will likely look at DIBELS data in October and maybe NWEA if it's ready. Discussed how to measure more concrete goals which will be revisited in October. Jan called for additional members.

Greg asked about the State's announcement about its new growth model. Jan shared that it wasn't discussed at the committee, but shared a little of the news about it here at this meeting.

Anna asked if the committee reviews data related to Special Education? Jan responded yes, it fits under the committee's purview. Krishna shared that the school tracks the percentage of all goals met across all Individualized Education Plans.

No other questions, discussion, or public comment.

V. Family Advisory Council

A. Committee Report

Loren shared the FAC's report. Elections are in progress, no new Board candidates identified quite yet.

Groups developed based on August community meeting:

- Community Building/Fundraising
- Academic Oversight
- Campus Work Group
- Disaster Preparedness/Covid Response Team
- Attendance Awareness Team
- Traffic Team

On Fundraising, Read-a-thon starts Monday and the fundraising committee is hosting book swaps at school.

FAC Future Planning

- The Campus Work Group is surveying staff to identify their needs and are planning an on-site work day on October 16th. Highest priority: improving the pergola to provide shade and shelter.
- Workshops with Dr. Rogers-Ard calendared for October, November, February, and April.

No other questions, discussion, or public comment.

VI. Executive & Governance Committee

A. Discussion Item: Committee Updates, including candidates for board service, Form 700, and training

Greg shared the committee's report. Discussion on vaccines for students and informally collecting volunteer confidential information status of students. Only 6th, 7th, and 8th grades could possibly be vaccinated at this time.

Listening sessions with staff will be in September and March, earlier than we have done in the past.

We are always looking for candidates for board service. We share key documents to make sure they understand the scope of the school, invite them to attend our meetings, like one did this evening, and to connect directly with board members and Krishna.

Loren had a question of being allowed to share vaccination rate information for staff. Greg responded that we are allowed to share percentages. Krishna responded she nearly has all of that data ready.

No other questions, comments, or public comments.

Oakland passed a student vaccination mandate and is in the process of being implemented.
