Daniel shared instructional updates that included coaching conversations with teachers looking at recent DIBELS, NWEA data with teachers, as well as student work and classroom observations.

Daniel shared about the work to support the Amethyst classroom to shift the schedule to structure a bit more to maintain small student:teacher ratio, and to increase teacher prep to be ready with new lessons. Work to clarify and codify systems for transitions, lunch, recess, and in the classroom, along with communication.

Krishna shared recent enrollment numbers for this year, up to 357 as of today. 65 applications received so far for 2022-2023, mostly in TK and K. Outreach underway at HeadStart, and hosting tours here virtually.

Krishna shared information about OUSD's COVID-19 mandate for students 12 years old before December 1, 2021. Operations staff are supporting all families with students subject to the mandate to help. As of last night's OUSD Board meeting, it looks like enforcement of the new policy will be delayed until the end of January 2022. The school currently needs to make contact with eight remaining families whom we haven't yet made contact with on this issue.

Krishna shared staffing updates and that Coach Kelly resigned just before Thanksgiving. Two interviews are scheduled for tomorrow for PE and 2 applications for ELD specialists. Interim staffing plans are already in place. And staff recruitment for 2022-2023 begins in January 2022!

Kara asked about instructional materials in middle school. Daniel shared that he met with an organization just today to start a pilot of new curricular materials in language arts. Also using math materials that Daniel and Krishna used in the past.

Sarah asked about TK/K enrollment, and Daniel responded about recruiting from HeadStarts, and Krishna shared that it's a lot of word of mouth. We get applications from all over the city.

No other discussion or public comments.

III. Finance Committee

A. Discussion Item - Committee Report, including year to date financial report

Greg shared this month's report from the Finance Committee. Forecasted operating income as of the end of October improved over the previous months. The budget deficit projection was reduced from \$160k to \$91k. Cash on hand continues to be forecasted at 3 months of expenses. Likely that the deficit will continue to shrink as some sources of funding may be added to the budget as we get more clarity from the state.

Greg shared that the finance committee reviewed the first interim report data. The board will be voting on the first interim report on this year's budget later in today's meeting.

Greg shared an overview of a long-term operating budget model produced without any one-time funds. Model is built on a student count of 429 students years from now (2025-2026). This extends the trend of UMCS students staying longer and actually reduces the number of our classrooms by one. Enrollment modeling is

G. Klein made a motion to approve the first interim report.

We will take action on the audit in January. The Measure G1 audit was received and there were no findings. The Board can take action to accept the G1 audit when we also take action on the regular audit.

No other discussion or public comment.

IV. Academic Oversight Committee

A. Discussion Item - Committee Report

Jan shared an NWEA MAP analysis from Fall assessment. 53% of students are scoring average or above in Math. 63% of students are scoring average or above in Reading. Scores are higher than last Spring, but not yet recovered from the prior Fall (when it was administered remotely).

In Math, younger students are more likely to score average or above than older students.

For Growth, 36% of students met fall-fall targets in Math and 33% of students did so in Reading. Seeing lower growth rates than we had prior to the pandemic.

Gaps between White, Black, Latinx, or Two or More races exist in both ELA and Math. Instructional coaching acknowledges these data, teachers have all this data, and families have received reports. Work is already well underway to support students currently not hitting growth targets. Winter testing starts at the end of January. Average test times were very good.

Jan invited all to the December committee meeting.

Donald asked about trends from students new to UMCS and students who entered earlier. Jan responded that she can do that analysis. Donald asked about work underway to support Black and Latinx students to achieve on this assessment as well as any other groups of students. Daniel shared about work underway with two new teacher working groups on instructional practices and also on outreach to families with additional resources including before their student would enroll.

The online auction has begun and looking at a few new virtual fundraisers later this year. And FAC meetings are calendared through the rest of the year, along with upcoming workshops with Dr. Rogers-Ard.

Finally, in terms of board membership, Stacey Wang will finish her second term on the board at the end of December. Greg shared about the County's Letter of Going Concern issued to OUSD related to their finances, OUSD's appeal to the State Superintendent of Public Instruction, who denied the appeal.
