Daniel shared that they plan to do a mid-point survey of staff on how it's going for them.

### **III. Finance Committee**

#### **A. Discussion Item - Committee Report, including year to date financial report**

Greg shared the committee's report. Current annual operating deficit at \$269k, increased slightly as we are looking to fill another Student Support Assistant position and there were increased Special Education assessment costs. Declined enrollment is represented in this deficit, but should be already be resolved this coming school year. Cash remains strong in the forecast. Fund balance remains healthy at 25% in the forecast.

At the state level, SB579 passed the Senate and has been read in the Assembly. It's one of a few possibilities to fix this year's school funding issues for charter-run schools continuing to deal with the fallout of the pandemic. Would restore enough funding to turn this year into a reasonable operating income. Also discussed the Expanded Learning Opportunity Program, LCAP development, and the Training Center. Lastly, we reviewed the Fiscal Management / Control Policy, but those updates aren't quite ready for the full board yet.

Davis commented that SB579 would greatly support this year's budget. Sarah asked where that money would go, and Krishna responded that it would create a modest operating income, and then would be part of larger conversations about where else we need to invest. Sarah asked about future years and Greg responded about the various proposals including averaging three-years' ADA and moving to an enrollment-based system.

No other questions or public comments.

The committee will be looking in April at the English Learner Policy, LCAP, and Panorama Survey data. The committee moved its meeting to the second Thursday at 11:30am.
