A. Instructional Updates

- Setting up for State testing; planning to happen first three weeks of May
- Question on family communication plan: Communication to families will happen in weekly updates
- Question on practice tests: Will do practice tests soon in auditorium space.

Other Instructional Updates

- Starting transition process from Primary and 3rd grade to next level. Process is to create a snapshot of each transitioning student and determining best placement. Family night about this prior to spring break.
- Part of this process is also setting up student portfolios; being built in coaching meetings with Daniel and teachers.
- Jan: glad that portfolios are being started. Is there an opportunity for families to respond or provide feedback? Beginning of the year will be the best time for that.
- Middle school health curriculum: reaching out to contractors but not having much response. Previously have done it in house but attempting to take it off teachers workload.

Panorama survey results

- 74% student response rate, 20% family feedback (ok compared to past)
- student: 3rd & 4th, 7th & 8th grade results are higher; upper el is trending lower than previously.
- drop in sense of safety for hispanic students.
- staff: drop in sense of safety in white staff and newer staff; increase in other groups; increase in leadership results
- family: all slightly down. communication: sense of admin communication up; understanding student's learning goals is down.
- discussion around comparison to last year when in distance learning might not be the most helpful. would like to look at spring or fall 2019
- wider range of groups responded; usually primarily white families that respond
- followup: what are next steps/follow up with families/students?
