II. Head of School Report

A. Head of School Report

Ms. Feeney shared upcoming events on the school calendar, including 6th and 8th grade promotion.

Mr. Daniel shared that students transitioning up a Level to new classrooms will find out their new placements on Friday and get to visit their new classrooms next week.

Mr. Daniel shared high-level Spring NWEA academic data in reading and math. Academic Committee has yet to be able to meet and review any of the most recent data. [There are slides in this month's Head of School report in "Other Documents" on BoardOnTrack.] The majority of students score average or above in reading. About half of the grade levels score at the national average in reading and math. Over half of students either made progress on their growth goals or hit their growth goals in reading and math. Greg asked for the committee to look at percentage of students who scored above the national average combined with that grade level's percentage of students who did not but still hit their growth goal, as a way to identify remaining students/trends where achievement is low *and* we aren't seeing accelerated growth. Loren asked about the rise in Middle School scores compared to 6th grade and Mr. Daniel shared that the typical instruction in Middle School more closely aligns with the way NWEA assesses, compared with how upper elementary Montessori instruction and pedagogy normally assesses.

Ms. Feeney shared recent enrollment data which puts the school just a few students over our expected budgeted number for the following year. Ms. Feeney shared recent staffing updates, including 42 of 47 staff members invited to return next year; four staff members shared they are leaving; and three positions were added for next year. For hiring, two candidates are in process for a Lower Elementary Lead Teacher position; and offers going out soon for the middle school Humanities position and PE position. Also hiring for Student Support Assistant, two Support Teachers, and one substitute, with many applications for these roles.

Loren asked about family surveys, and was hoping to be able to respond per teacher particularly in middle school. Ms. Feeney responded that the survey will likely change and begin anew with fresh longitudinal data after the school goes through renewal.

No other public comments.

B. PUBLIC HEARING: 2023-2024 Local Control and Accountability Plan (LCAP)

Greg opened the public hearing at 6:08pm. Ms. Feeney shared an overview of the LCAP process, the school's three goals, and some of the actions and resources associated with different goals. The first goal is about student academic outcomes. The second goal is about teacher training, coaching, and prepared environments. The third goal is to build family-wide and community-wide engagement. Ms. Feeney invited participants to share their ideas on the goals and associated actions and investments, and invited folks to share now and also to comment on the document itself. Ms. Feeney also shared with the Board Local Indicators reflection sharing that UMCS has met all the Local Indicators.

Greg appreciated the team's work to get the LCAP ready and that our first goal is focused on the student's academic outcomes. Greg asked what the next steps are. Ms. Feeney

responded that the school will continue to incorporate any feedback up until the June Board meeting, where it gets voted on for approval.

No public comments and Greg closed the public hearing at 6:17pm.

III. Finance Committee

A. Discussion Item - Committee Report, including year to date financial report

Greg shared that the current forecasted operating income is now at approximately \$50,000. Ending fund balance forecast at over \$1.5M, and Ann shared that we have strong cash on hand through the end of the fiscal year. Fundraising goal is on track for the year.

Greg shared a draft multiyear budget, that shows modest operating incomes for the next few years. In general, slight enrollment increases offset the loss of recent one-time revenues. Fundraising is forecasted to decrease starting in FY 2024-2025. Greg shared brief updates from the state's process to adopt its own budget, including the possibility of the state taking back money previously approved for schools, money that schools were allowed to have spent by this time. The committee also reviewed the required spending plan related to Arts & Music grant -- which is the same money the state may decide to take back from schools even though schools were told to spend the resources.

Greg also shared that the committee reviewed last year's audit.
