II. Finance

A. Discussion Item: Monthly Fiscal Report

Josh shared the monthly report, and welcomed Adriene from Edtec to the team.

The current forecasted operating income is at \$215,000, up from \$65,000. Attendance and ADA came in higher than what was budgeted. In Compensation and Benefits, there were savings based on vacancies. Books and Supplies, went through line by line and made some reductions based on latest expectations for the rest of the year. Local and State Revenue also increased due to the higher-than budgeted ADA.

The plan is push as much one-time money as possible to the next school year, lowering this year's operating income, and supporting next year's budget. After that update, the ending fund balance would be right around 30%. Cash flow also remains strong through the end of the year.

Greg asked if there are changes being discussed in the state legislature that relate to FY2023-2024. Josh shared that there's nothing specific related to K12 Ed yet for this

current school year, but that those changes have happened before this late in a fiscal year.

No public comments on this item.

B. Multiyear Budget Planning

The committee discussed a multiyear draft budget that included a few new positions. Daniel shared about building new positions into the draft multiyear budget. This most recent draft includes a Montessori Coach, Montessori Trainer, and a Executive Director role that would both oversee the training center and fundraising. Greg asked and Daniel shared that he expects to close the Assistant Head of School role for now. Greg asked and Daniel shared that he both recommended this level of investment, and also shared that the admin team will engage with staff about additional investments aligned to goals supporting daily programming. The current draft budget shows the school operating its core programming on recurring public revenue, and the expected annual operating deficit relates to the investment in the long term training center. This investment is expected to support continued highly trained teachers in classrooms, and as it grows, may generate revenue. The role will also seek to fundraise to help offset its own costs.

Ann asked about the salary scale adjustments created with Edgility's support. Krishna shared that the school aims to start implement those adjustments in the 2024-2025 school year. COLA adjustments are built into the multiyear draft budget for now. Staff are all aware for of this timeline and and that it could take multiple years to fully implement the new compensation model.

There were no other questions or public comments on this item.

C. Updates on School Policies and Required Documents

The committee discussed updates to the school's Fiscal Management/Control Policy, in particular raising the ceiling from \$15,000 to \$25,000 on purchases and contracts requiring Board's prior approval. Additional updates were discussed related to updating the policy to the school's current best practices informed by financial experts. All the changes discussed, if approved, would not take effect until July 1, 2024. If the details of the policy updates are not ready for the Board to consider at the April Regular meeting, the committee will discuss again in May.

Krishna shared the latest draft the 2024-2025 LCAP and provided an opportunity for board and community input and feedback. Currently considering a single goal aligned to the multiple outputs of the California School Dashboard and charter renewal. Greg commented that he added a metric to the draft aligned to the English Learner indicator of the dashboard.
