#### B. Public Testimony

#### C. School Connections

Escribano provided an update of the last SAC meeting as follows:

- The team discussed the discontinuation of ESSER funds, which had previously been used to provide staff bonuses. It was noted that staffing levels have increased, impacting overall planning and resources.
- Updates to protocols were shared to ensure that staff absences are properly managed and accounted for, helping to reduce the risk of missed or unrecorded absences. Current substitute coverage is much better than in previous years, with teachers being more satisfied. A new substitute company started last year and has grown since then, with the school appreciating their customer service.
- Strategies were explored to prevent students from purchasing items at gift shops or vending machines during trips, with a particular focus on younger students who may not yet understand financial concepts. Additionally, an update to the field trip protocol is planned for implementation in the upcoming school year.
- SAC discussed ways to commemorate a student who recently passed away, with the intention of honoring their memory respectfully and meaningfully.

Mason de Gomez shared the school's experience of participating in the Philadelphia Public School Rally organized by the African American and Latino Charter School Coalitions. The event took place on February 27. Mrs. Reyes, a current parent and teacher, and Mr. Arizpe, our Music teacher, both spoke at the rally, along with three student speakers who represented the school with pride and confidence. A video link was shared to provide a recap of the rally. The group also discussed the potential for participating in future advocacy events, including rallies in Harrisburg.

Potential candidates affiliated with the Community College of Philadelphia and Esperanza Health Center were discussed. A promising candidate for the Audit and Finance role has been identified. The Board also expressed interest in maintaining a strong affiliation with Temple University and will continue working to identify candidates from that institution. As part of the next steps, the Board will continue vetting current prospects and expanding outreach to community partners. Additionally, the Board will engage Janette Diaz of Congreso to align on priority areas for new board members, particularly as Congreso appointees currently represent a minority of the Board.

The Advancement Committee discussed redefining fundraising as building relationships, making strategic connections, and bringing valuable resources to the school. Board members were encouraged to leverage their networks and expertise to support the school's mission. The importance of storytelling, using videos and student testimonials, was emphasized to engage potential donors. Clear messaging and accessible strategic priorities were identified as key to fostering donor interest. The group also recommended exploring corporate partnerships for initiatives like the playground project and Staff Appreciation Week. Aligning fundraising with academic and professional development goals was highlighted, along with potential board member training at the upcoming summer retreat.
