# Culture Float Parade

**3rd Grade with Mrs. Opgenorth, Mrs. Heitman, and Mrs. Blehm**

Our third grade classroom is a community of students who come from a variety of different cultures and backgrounds. Through this project, we learn what culture is, how each of us is unique, and celebrate how we are different in our Culture Float Parade.

# Why a parade?

- Communities around the world hold parades to celebrate culture.
- We begin learning about various parades starting with the Lentil Festival and the Macy's Thanksgiving Day parades.
- We study floats and learn that they often “tell a story” about a culture.

Symbols

Traditional clothing

Traditions

Flags and maps of the country where their families are from

Students interview a family member to learn about various things that make up their unique culture and design a float to incorporate what they have learned.

Special foods

Words in Native language

Colors unique to their culture

Art

Students write about what they have learned. The project is extended for students to research topics of interest related to their background.

# 3rd Annual Float Night

## KES Elementary

We come together on the float night to participate in a real parade down our halls and host a question and answer session for students to share their floats with other families. We learn a lot about ourselves and each other while meeting essential standards in reading, speaking, listening, and writing.

#### • **Franklin Elementary School Showcase - Presenter: Kathi Keefer, Franklin Elementary Principal**

- Sarah Davis and Ann Lee, CORE+ teachers at Franklin Elementary, highlighted their participation in year-long LETRS (Language Essentials for Teachers of Reading and Spelling) training which identifies reading comprehension as the product of word recognition and oral language comprehension, both essential for literacy that has been shared with Franklin staff and will be a professional development training for district staff at an upcoming Professional Learning Day. Professional development in November included 13 educators who are now transitioning to explicit phonics instruction in whole-group and small-group settings. Data shows significant growth in student fluency across grade levels. Moving forward, the focus will shift to phonological awareness and the 44 phonemes of the English language to further enhance instruction and student outcomes.

#### • **Report: Technology Services - Presenter: Tyler Craigie, Information & Instructional Technology Supervisor**

- Supervisor Craigie presented an overview of the 90-Day Plan, highlighting key success factors in their role as the new Information & Instructional Technology Supervisor. The plan focuses on ensuring a smooth integration into the team and delivering impactful results quickly. Supervisor Craigie discussed strategies for knowledge sharing within the department, mentioning the use of shared OneNote in the past and exploring more fluid, online options to enhance accessibility for the team. When asked about the district's biggest strengths and weaknesses, Supervisor Craigie identified the IT crew's deep knowledge of systems and their security-minded approach as key strengths. However, disorganized spaces, incomplete resource inventories, and insufficient documentation were noted as areas for improvement. Director Roberts addressed support desk ticket management, with Supervisor Craigie

sharing that a quick-win initiative involved automatically assigning tickets to the technician responsible for each building, improving ownership and efficiency. Efforts to optimize the support desk process and maintain availability are ongoing.

#### **E. Equity Update**

Director Nelson provided an update on the Diversity, Equity, Inclusion & Belonging (DEIB) Task Force, noting that the group has held three meetings and elected a chairperson. The task force is interested in gathering feedback through surveys and has discussed deploying its own survey to collect insights. Director Nelson highlighted that the task force is not hearing many of the complaints that initially led to its formation and raised the question of how to better understand issues that are not being reported through official channels. The CEE Survey was mentioned as a potential resource, as it includes many equity-related questions that could provide valuable feedback for the committee. The task force is scheduled to meet again on January 14, 2025. Director Roberts added that the CORE community group expressed interest in serving as an unofficial channel for feedback, suggesting it could serve as a bridge for addressing unreported concerns.

### **VI. Discussion Items**

#### **A. Psychology Text Adoption**

Pullman High School offers Psychology as a dual credit college in the high school course. The text for this course is outdated. To align the course with University of Washington standards, the text reviewed was the latest edition of the text we had adopted in the past. The text, Psychology in Your Life W.W. Norton and Company (2022), is recommended to the board for approval. This text was approved by the Curriculum Advisory Committee on December 9, 2024 and was made available for public review on December 17 and 18, 2024. The screening of the text has also been completed.

Director Carter asked how the information about the public review of the materials was disseminated and Dr. Kramer shared that the information about the review was disseminated by the Pullman High School Principal to Pullman High School families.

#### **B. Board Communication Plan**

During the December 4, 2024, Board Work Session, the Board discussed developing a communication plan to enhance internal and external communication. Director Tanner reviewed the draft plan, emphasizing communication, community engagement, and student voice, and highlighted the importance of aligning on the definition of "engagement." The Board noted the tentatively planned March 2025 listening session, suggesting it include a brief budget presentation to provide context for attendees.

The Board discussed the expense of the CEE Survey, with members expressing interest in exploring alternative, cost-effective ways to gather feedback, including deploying district-led

or DEIB Task Force surveys. The Board also emphasized maintaining open communication opportunities, such as one-on-one meetings with the superintendent, and agreed to incorporate these meetings into the communication plan.

Additional suggestions included board members attending PTA/PTO/Booster meetings and providing a Fall and Spring report to enhance community engagement and to also consider adding board updates in the superintendent's monthly newsletter. The Board also expressed interest in exploring a casual, publicly accessible work dinner following sessions or meetings to foster informal dialogue.

### **C. 1101F Board Operating Protocols - Annual Review**

Annually, the Board reviews and agrees upon Board Operating Protocols (1101F). No action necessary. Board review and discussion only. The document is available to be signed unless action is taken.

### **D. 3141 Nonresident Students**

The Pullman School District is revising Policy 3141, "Non-Resident Students," to align with WSSDA's model policy and legal recommendations. Key updates include adding a Revocation of Acceptance section allowing mid-year revocations and introducing a Choice Student Contract to clarify behavioral expectations. These changes will take effect next school year, and the district will notify non-resident families in advance.

The Board discussed ensuring the policy equally applies to resident and non-resident students and addressed concerns about part-time employees' children. While RCW/WAC does not specify part-time staff, the district allows all employees to choose in their children, and the Board suggested explicitly encouraging part-time staff to apply.

The revisions aim to enhance accountability and inclusivity while maintaining fairness. Revocations will be handled administratively, and additional data on part-time employee choice-ins will be reviewed at the next meeting.

### **E. 5270 Resolution of Staff Complaints**

Revisions presented are to align Pullman School District's Policy 5270, "Resolution of Staff Complaints," with the Washington State School Directors' Association (WSSDA) current model policy language. This update ensures compliance with best practices, legal standards, and a consistent framework for resolving staff complaints effectively and equitably.

### **F. Policy Governance-Based Superintendent Evaluation Proposal - 1630 Superintendent Evaluation**

The Board has been reviewing WSSDA's superintendent evaluation processes and has tentatively agreed to pilot a new policy-based evaluation approach, reflected in a proposed

policy revision. This updated process aligns the superintendent's performance with Board policies, the district's strategic plan, and established guidelines. It emphasizes ongoing monitoring through internal reports, external assessments, and direct Board inspections, culminating in biannual and formal annual reviews. These reviews aim to provide constructive feedback, assess compliance, and set future goals and performance standards. It was noted that the strategic plan could serve as the foundation for the monitored items.

The next step is to determine whether the Board wishes to see the revised policy again before finalizing its direction. Initial interest in piloting the policy-based process was expressed. Director Roberts clarified that transitioning to this model would require rewriting policies to include clear objectives, aligning the superintendent's accountability with progress toward strategic objectives. A work session and the Board Retreat could be used to further define this approach. The two evaluation options—standards-based (currently used) and policy-based—were discussed, with the latter being a less common but potentially beneficial model.

Director Waananen Jones raised concerns about understanding compliance expectations and suggested exploring a hybrid approach. Director Roberts noted that while combining the models might not be feasible due to the pilot's focus on the policy-based framework, adjustments could be revisited after implementation. Director Tanner emphasized the importance of ensuring the evaluation process remains consistent mid-year and suggested multiple work sessions to refine the model. Director Nelson highlighted the novelty of the policy-based approach and noted its limited use. Director Roberts provided an overview of the current standards-based process, emphasizing that the Board's feedback on both models is essential before moving forward. The WSSDA Leadership Group will review the proposed process, and the Board will revisit this topic to refine the pilot and address concerns.

#### **G. Policy Revision: 1630 Superintendent Evaluation**

The Board discussed suggested revisions to the superintendent evaluation policy and procedure, emphasizing the addition of a third performance review annually: informal reviews by October 31 and January 31, and a formal evaluation by June 15. The formal evaluation would encompass an expanded review of the eight state superintendent standards, with informal reviews providing opportunities for earlier adjustments and ongoing feedback. Director Carter proposed integrating more of the standards-based evaluation elements into the procedure, including a rubric to synthesize individual feedback into a single evaluation coordinated by the Board President. The process would also include a superintendent self-evaluation. The revisions aim to enhance accountability, foster ongoing feedback, and streamline the evaluation process to ensure it remains a constructive and effective tool for Board-superintendent collaboration.

Discussion Points:

- Director Carter noted the importance of conducting three conferences annually. Director Tanner expressed interest in clarifying expectations for informal versus formal reviews, ensuring discussions are productive and structured.
- Director Waananen Jones suggested incorporating formative assessments into the process. Director Roberts raised concerns about the workload for Board members, emphasizing the need to formalize accountability for all parties.
- Standards-Based vs. Policy-Based Models: The Board debated the feasibility of evaluating all eight state standards annually versus identifying specific standards for intensive review. The board acknowledged the multifaceted nature of the superintendent's role, favoring comprehensive evaluations that align with the teacher evaluation model. Director Carter proposed that during the Board Retreat, board members and the superintendent mutually determine which standards or themes to prioritize for evaluation.
- Director Waananen Jones and Director Tanner questioned whether the evaluation serves primarily as an internal accountability measure for the public or a tool for communication between the Board and Dr. Maxwell. Both emphasized minimizing the superintendent's time spent preparing artifacts to ensure a balanced approach.
- Director Carter highlighted the importance of assessing not only the superintendent's output but also the effectiveness of their performance, with the rubric offering justification for scores in each focus area.
- Director Roberts clarified that the superintendent's evaluation cannot serve as a legal basis for termination but may inform contract renewals or extensions. Director Carter agreed to remove language regarding termination, as it is not applicable.

#### **Next Steps:**

The Board expressed interest in continuing with the current standards-based model, incorporating revisions proposed by Director Carter, and exploring the policy-based governance model. Director Roberts noted that both approaches would be presented at the next meeting for further discussion. The Board will refine the revisions and determine what course of action to move forward with.

## STUDENTS

### Non-Resident Students

The Pullman School District Board of Directors annually will inform parents of the inter-district enrollment options and parental involvement opportunities. Information on inter-district acceptance policies will be provided to nonresidents on request. Providing online access to the information satisfies the requirements of this policy unless a parent or guardian specifically requests information to be provided in written form. The district will not charge any transfer fees or tuition costs for enrolling eligible nonresident students.

Consistent with [Chapter 28A.225 RCW](#), any prospective student who resides outside the district may apply to attend a school in the district or may file the parental declaration of intent to provide home-based instruction and enroll for ancillary services. All applications for nonresident attendance or home-based instruction will be considered on an equal basis.

A parent (or guardian) will apply for admission on behalf of ~~his or her~~their child by completing the Annual Request for Release and Application for Nonresident Admission (Form 3141F) located on the district website. The superintendent will develop an application form which contains information including, but not limited to, the current legal residence of the child and the school district in which ~~he or she is~~they are currently enrolled or receiving home-based instruction, basis for requesting release from the resident district and the specific building and grade level (elementary), course offerings (secondary) in which the student desires to be enrolled if accepted by the district.

The district must use the Standard Choice Transfer System in the Education Data System (EDS) to process those requests for student transfer enrollment into online or alternative learning experience programs or schools.

A student who resides in a district that does not operate a secondary program will be permitted to enroll in secondary schools in this district in accordance with state law and regulation relating to the financial responsibility of the resident district.

#### **I. Standards for accepting or rejecting an application**

~~1.0~~ The ~~Superintendent~~superintendent or the superintendent's designee will accept or reject an application for nonresident admission based upon the following standards:

~~1.1~~ **A.** Whether acceptance of a nonresident student would result in the district experiencing ~~significant a~~significant a financial hardship, ~~which may include, but is not limited to, consider of:~~

~~("financial hardship" does not include routine programmatic costs associated with serving additional disabled or non-disabled students);~~

~~1.2~~ **1.** Whether ~~in~~ the grade level or class at the building in which the student desires to be enrolled has the capacity ~~or space~~or space for additional students; ~~and/or~~

**2.** Whether appropriate educational programs or services are available to improve the student's condition as stated in ~~requesting the~~ release from ~~his or her~~their district of residence;

~~1.3~~ **B.** Whether the student's disciplinary records indicate a history of violent or disruptive behavior or gang membership (a gang means a group of three or more persons with identifiable leadership that on an ongoing basis regularly conspires and acts in concert mainly for criminal purposes).

~~1.4~~ **C.** Whether the student has been expelled or suspended from a public school for more than ten consecutive days, in which case the student may apply for admission under the district's policy for readmission of expelled students; and

~~1.5~~ **D.** Whether enrollment of a nonresident student would conflict with a district innovation academy cooperative under [RCW 28A.340.080](#).

~~1.6~~ **E.** Whether the student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

**II. Admission or denial: Notice of decision and appeal of decision**

The superintendent or the superintendent's designee, in a timely manner will provide all applicants with written notification of the approval or denial of a nonresident student's enrollment application. If the student is to be admitted, the superintendent or the superintendent's designee will notify the resident district and make necessary arrangements for the transfer of student records.

When a student is accepted, the student and the parent or guardian must sign the Pullman School District Choice Student Contract in Section III of Form 3141F Annual Request for Release and Application for Nonresident Admission. The contract sets out the standards for continued acceptance in the district.

Acceptance is for one year only.

If the application is denied, the superintendent or superintendent's designee will notify the parent or guardian within 45 days from receipt of the parent's application. The notification will include of the reason(s) for denial and inform the parent or guardian of their right to appeal the district's denial decision to the Superintendent of Public Instruction or his or her designee as detailed in [RCW 28A.225.230](#).

~~The parent or guardian may appeal the denial to the district's superintendent or designee. Within five business days of receipt of the parent's appeal submission, the superintendent or designee will provide the parent with a written notification of the final appeal decision to either grant or deny the student's admittance into the district.~~

**III. Revocation of Acceptance**

A student's acceptance may be revoked at any time if the student fails to meet the standards described in the Choice Student Contract. Additionally, the district may revoke the student's acceptance if the student's application materials include false, inaccurate, or incomplete information.

Once the district decides to revoke the student's acceptance, it will provide written notice of the revocation to the resident school district and the student's parent or guardian. The notice of revocation will specify the reason for revoking acceptance and notify the student's parent or guardian of the right to appeal. The same appeal procedures that apply to denials of applications apply to decisions to revoke acceptance.

The resident school district becomes responsible for the nonresident student's education once it receives written notice of the revocation.

**IV. Children of full-time employees**

1. Pursuant to [RCW 28A.225.225](#), a nonresident student who is the child of a full or part-time certificated or classified employee will be permitted to enroll:
  - a. At the school to which the employee is assigned.
  - b. At a school forming the district's kindergarten through twelfth grade continuum which includes the school to which the employee is assigned; or
  - c. At a school in the district that provides early intervention services pursuant to [RCW 28A.155.065](#) and/or preschool services pursuant to [RCW 28A.155.070](#), if the student is eligible for such services.
2. The district may reject the application of a student who is the child of a full or part-time employee if:
  - a. Disciplinary records or other evidence supports a conclusion that the student has a history of convictions, violent or disruptive behavior or gang membership; or

- b. The student has been expelled or suspended from a public school for more than ten consecutive days (however, the district's policies for allowing readmission of expelled or suspended students and the required reengagement procedures under this rule must apply uniformly to both resident and nonresident applicants seeking admission, pursuant to [RCW 28A.225.225\(2\)\(b\)](#)); or
- c. Enrollment of the nonresident child would displace a child who is a resident of the district; ~~(however, if a nonresident student is the child of a full or part-time employee and has been enrolled under Section 1 above, the student must be permitted to remain enrolled in the school or in the district's kindergarten through twelfth-grade continuum);~~  
or
- d. The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

- ~~3. If a nonresident student is the child of a full or part-time employee and has been enrolled under Section 1 above, the student must be permitted to remain enrolled at the same school or in the district's kindergarten through twelfth grade continuum until:~~
- ~~a. The student completes their schooling; or~~
  - ~~b. The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.~~

~~The June evaluation will be held in executive session and will be an informal discussion with the superintendent regarding their performance and goals. The Board President will summarize input provided by each board member and provide a final signed evaluation to the superintendent after the executive session.~~

~~At either the January performance review or the June evaluation, the superintendent may add at their discretion any information that will enable the Board to more thoroughly evaluate the performance of the superintendent.~~

**I. Background:**

The Superintendent performance assessment should be conducted on an ongoing basis with regular feedback between the Board and the Superintendent. Progress on "organizational results" should be reported on and be evident throughout the academic year. The superintendent will have the opportunity for confidential conferences with the board biannually for the purpose of aiding the superintendent in their performance. There should be no surprises at the biannual performance review meetings.

**II. Policy:**

Systematic monitoring of the Superintendent's job performance will be measured against the expected Superintendent job outputs including:

1. Organizational accomplishment of Board Policies. The Policies criteria relate to the short and long-term results which the superintendent is expected to achieve. The Superintendent's reasonable interpretation of policies should include the most important short-term results/milestones for the year. The outcomes in the interpretation should not be exclusively short-term; they should also include key milestone results in a longer-term strategic journey.
2. Organizational operation within the risk boundaries established in the Board's *Executive Limitations* policies.

Monitoring of the Superintendent's job performance will be solely against these expected job outcomes.

Accordingly:

Monitoring will be used to demonstrate the degree to which Board policies are being met. Information that does not contribute directly to this purpose is not considered monitoring data.

The Board will acquire monitoring data on the Superintendent's performance, i.e. on achievement of policies and Executive Limitations policies by one or more of three methods:

- a. By **internal report**, in which the Superintendent provides performance data on the Board stated policy criteria demonstrating achievement of/compliance with Board policy such that a majority of the Board believes that a reasonable interpretation of the policy has been achieved.
- b. By **external report**, in which an external, impartial third party selected by the Board assesses compliance with Board policies. Such reports must assess executive performance only against policies of the Board, not those of the external party, unless the Board has previously indicated that party's opinion to be the standard.
- c. By **direct Board inspection**, in which the Board directly assesses compliance with the appropriate policy criteria. This can be completed by a Board Member, a Board Committee, or the Board as a whole. This is a Board inspection of documents, activities or circumstances directly by the Board which allows a prudent person test of policy compliance. Such an inspection is only undertaken at the instruction of the Board, and with the Superintendent's knowledge.

In every case, the standard for compliance shall be whether the Superintendent has reasonably interpreted and achieved the Board policy being monitored. The Board will make the final decision as to whether a Superintendent interpretation is reasonable and whether the evidence demonstrates achievement of/compliance with the policy. The Chair will gather individual Board member input regarding each Board member's analysis of the reasonableness of the interpretation and the rationale for why the Board member believes the evidence shows or does not show policy achievement /compliance. The Board Chair will draft an overall Board response document for Board consideration/approval. The Board will then provide the Superintendent a Monitoring Response Document outlining the Board's assessment of performance on that specific Board policy topic.

All policies that instruct the Superintendent will be monitored on schedule according to a frequency and by a method chosen by the Board. The Board may monitor any policy at any time by any method, but ordinarily will depend upon the schedule and method outlined in Appendix 1.

In conjunction with the conclusion of the Board's annual planning cycle (July), each January, and June the Board will conduct a formal annual evaluation of the performance of Superintendent. This formal evaluation will be conducted by cumulating the regular monitoring data provided throughout the year. A written summary evaluation document will be prepared by the Board Chair, compiling the content of ongoing Board decisions outlined in the Board response documents and the related Board motions regarding acceptance or non-acceptance of Monitoring Reports. This summary will identify performance trends evidenced by the data. The Superintendent will review the document with the Board in Executive Session, if necessary. The report will be signed by the Superintendent and the Board Chair. The evaluation document will consist of:

- a. Findings generated during the year from monitoring the Board's policies and Executive Limitations.
- b. Conclusions as to whether each achievement/compliance has been achieved (or whether reasonable progress has been made toward its achievement) and whether the Superintendent has operated within the boundaries established in Executive Limitation policies.

As part of the annual board retreat, the Board and superintendent will mutually identify the standard(s) and/or develop particular goals, and/or policies and executive limitations for the superintendent for the upcoming school year. ~~Adjusting resources for the purpose of closing achievement gaps among students and measuring the effectiveness of such strategies is a standing superintendent performance goal.~~

The Board on the basis of the evaluation may renew or extend the superintendent's contract for periods up to three years, and may award a performance bonus for successful completion of adopted goals/achievement(s) compliance.

**Revised:** January 2004

**BOARD OF DIRECTORS****Evaluation of the Superintendent****I. Criteria**

As part of the annual board retreat, the Board and superintendent will mutually identify the standard(s) for evaluation and develop particular themes/goals for the superintendent for the upcoming school year. The criteria for the standards-based evaluation of the superintendent shall be based on the Washington Standards-Based Superintendent Evaluation which included the following:

- Standard 1—Mission, Vision, and Core Values
- Standard 2—Equity and Cultural Responsiveness
- Standard 3—Curriculum, Instruction, and Assessment
- Standard 4—Community of Care and Support for Students
- Standard 5—Professional Capacity of School Personnel
- Standard 6—Meaningful Engagement of Families and Community
- Standard 7—Operations and Management
- Standard 8—Collaboration with the Board

Themes and goals for each identified standard shall be established for the basis of the performance reviews. Additional performance goals to implement the district's strategic plan/Pullman Promise can be mutually agreed upon by the Board and the superintendent at this time.

**II. Objectives**

The annual evaluation of the superintendent shall be scheduled for June of each year. Informal performance reviews will be conducted in October and January of each year. It is anticipated that a substantial portion of the evaluative criteria shall consist of performance objectives set forth at the annual School Board retreat.

The Board recognizes that a tension exists between giving the superintendent feedback that represents a unified Board opinion and exposing the superintendent to the range of opinions on the board without diluting or confusing that unified opinion. Different Boards and different superintendents may feel comfortable with differing techniques to address this issue.

One technique, listed here as an example only and not as any sort of expectation or requirement, would be:

- Any score in the lowest or highest category given by any board member requires an explanatory comment;
- Those comments would be included on the evaluation summary that is given to the superintendent by the Board President or designee;

- The Board President or designee has freedom to summarize the overall opinion of the Board for any category as well. The intention here would be to permit the Board President to develop a good synthesis of Board opinion, but also expose the superintendent directly to those opinions that were on either end of the performance spectrum.

### III. Timeline

An informal performance review will be held before October 31 to evaluate progress. The Board may discuss areas of proficiency and/or areas where adjustment and improvement are needed. The superintendent may discuss areas of success or areas where setbacks have been encountered. A 360° review of the superintendent may also be requested after the October performance review if additional input is desired before the January performance review.

For the January performance review, the Board and superintendent would likely need to adhere to the following schedule to ensure the evaluation conference occurs in January.

- A. Before winter break:
  1. Superintendent provides the Board with data sufficient to enable them to evaluate performance of the established standards and goals.
  2. Copies of then-existing evaluation forms are distributed to each Board member and to the superintendent.
- B. Before January 5: Board members return their evaluations, and superintendent returns a self-evaluation on the same type of form to the Board President.
- C. January 5-15: Board President aggregates reviews, creates a composite that also shows the superintendent's score for themselves in each category, and prepares a draft of aggregated/summarized comments to accompany review. The Board President can get help from whichever board members they choose for this work.
- D. Before January 31: Executive Session for Board to review comments of other Board members, self-evaluation of superintendent, draft aggregated/summarized comments prepared by Board President, and discuss whether any modifications should be made.
- E. Before February 1: Board meets with superintendent to review aggregated, composite evaluation document, compare it with superintendent's self-evaluation, review composite comments, discuss areas where perceptions differ, and agree on a plan for focus going forward. Parties may want to have a second meeting to facilitate coming up with the best possible follow-up plan.
- F. February 15: Executive Session to discuss superintendent's performance, including results of meeting with superintendent and the Board. At this time, it

will be determined if the intention of the Board is to terminate, renew, or extend the superintendent's contract for periods of up to three years.

The June evaluation will be held in executive session and will be a formal discussion with the superintendent regarding their performance and goals. The review schedule can be similar to the one previously described for the January review if deemed necessary. The superintendent shall provide the Board with data sufficient for them to evaluate performance of the established standards and goals two weeks prior to the executive session. The Board President will summarize input provided by each board member during the executive session and a draft evaluation shall be reviewed by each Board member. After approval of the draft, a final signed evaluation will be provided to the superintendent by the Board President.

  - *RCW 28A.230.150 states that on Jan 16 of each year or the preceding Friday when the 16th falls on a non-school day, each public school will observe Temperance and Good Citizenship Day. The original language of the 1923 Washington State law included specific language regarding education of the effects of alcohol and drug use; however this language was removed when the law was revised in 1969. While many interpret "temperance" to mean prohibition, as defined above, instruction on "temperance" may include information about prohibition, but it is not a specific requirement of the law. The 2013 Leg. added the expectation that Temperance and Good Citizenship Day include opportunities in our schools for eligible students to register to vote at school. Many districts recognize this day by discussing temperance in connection with good citizenship, specifically addressing self-restraint. This idea of self-restraint is closely tied with many of the activities associated with Martin Luther King, Jr. Day. For example, a district may choose to discuss the accomplishments of peaceful, nonviolent protests in the civil rights movement of the 1960s. With the 2013 addition, schools will be encouraged to support eligible students to register to vote.*

- The parent/guardian will be notified by email (or postal mail if an email is not provided) of acceptance and the effective start date or rejection.
- If the request is rejected, the notification will include the reason for the denial and steps to appeal the decision.
- Under the Choice Law, the nonresident school district becomes responsible for all matters related to the education of the student (basic education, special education, home/hospital services, truancy, CEDARS reporting, administration of state educational assessments, etc.) for the duration of the approved transfer period. **Acknowledgements:**

- I certify that the information provided is accurate and complete.

- I understand that my student must continue to attend the resident school until the effective start date of the transfer and that nonattendance is subject to truancy procedures.
- I understand that requests are approved for one school year only, and it is my responsibility to complete a new form at the beginning of each school year.
- I understand that should my student move and no longer be a resident of the district, the transfer expires and I must submit a new request to the new resident school district.
- In addition to the foregoing, any out-of-district transfer must be in compliance with all other district policies including those relating to student attendance, academic standards and class size. Failure to accurately disclose all requested information could cause denial of request.

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the students when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students”.

Parents or eligible students have the right to inspect and review the student’s educational records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

**Section III: Choice Student Contract**

(Please note the completion of this section is required starting with the 2025-2026 school year)

I understand my choice status is ONLY for the current school year that I am applying for. My acceptance will end on the last day of the current school year, and I must renew my application each school year.

I understand that I am responsible for my attendance, behavior, and academic progress in school. I will work with the staff to ensure that I am working to the best of my ability and challenging myself academically and as a person. I will accept the consequences of my mistakes and learn from them.

I will be a positive addition to the district and use my time here to help prepare myself for college and career readiness after graduation.

My presence and the relationships I build will positively contribute to the overall school culture.

I understand that I am a choice student in the district and that my acceptance as a choice student may be revoked based on one of the following circumstances:

- The appropriate education programs or services are no longer available.
- I engage in violent or disruptive behavior that violates district policy and procedure.
- I am expelled or suspended for more than ten consecutive days.
- My acceptance would conflict with an innovation academy cooperative under RCW 28A.340.080.

## COMMUNITY RELATIONS

### Guidelines for District Social Media Accounts

Pullman School District requires approval of all district-associated social media accounts (see form 4309F).

Please note:

- A. All content published on the district's social media sites is considered public record and can be requested as part of the Public Records Act (RCW 42.56).
- B. Irresponsible social media use can risk legal action against Pullman School District.
- C. Use of any social media network and postings, displays, or communications on any social media network must comply with all state and federal laws.
- D. Staff are required to adhere to the standards outlined in Policy 5253 Maintaining Professional Staff/Student Boundaries and its procedures. Public social networking sites are not the place to conduct school business with students or parents.

District social media accounts are expected to follow district standards, as outlined in this procedure and in form 4309F.

Only social media accounts approved by the district may use the district's name, the name of any of its schools or departments, its mascots or team names, or otherwise present words or images that purport to identify the social media account with the Pullman School District, its schools, departments, activities, or programs.

The district will own and a designee will regularly maintain and monitor any district-level accounts on social media sites. Social media is not intended to be used for policy decisions or items of legal and fiscal significance that have not been previously released to the public. Posting content via social media does not constitute giving official notice to the district, and all such inquiries should be directed to the appropriate program.

The district's use of social media is intended to promote the district's mission, goals, and specific learning objectives of a course of study. While the district may choose to allow user-generated content on its social media sites, by doing so the district does not intend to create an open public forum for speech. Nor does the district express approval or support for the views expressed by third-parties that appear on its social media sites.

~~The district reserves the right to remove inappropriate comments posted on social media it has created or owns and remove comments that are not relevant to the topic of the specific forum.~~

~~Examples of inappropriate comments may include but are not limited to comments that:~~

- ~~A. Contain obscene language or sexual content;~~
- ~~B. Threaten or defame any person or organization;~~
- ~~C. Violate the legal ownership interest of another party;~~
- ~~D. Support or oppose political candidates or ballot propositions;~~
- ~~E. Promote illegal activity;~~
- ~~F. Promote commercial services or products;~~

~~G. Is not topically related to the particular posting; or~~

~~H. Contain content that promotes, fosters, or perpetuates discrimination on the basis of race, creed, color, age, religion, gender, marital status, and/or status with regard to public assistance, national origin, physical or mental disability, or sexual orientation.~~

~~The district will not, however, remove otherwise permissible comments based on viewpoint.~~

~~The district will post notice on its social media sites indicating the circumstances under which user-generated content will be removed.~~ The district will also post, where feasible, notice on its social media sites alerting users that all content related to district business on the site is a public record, subject to retention and disclosure. Social media content shall be preserved in accord with the applicable retention schedule, and in a format that preserves the integrity of the original record and is easily accessible. This policy applies to third-party hosted and internal social media tools that the district chooses to utilize. This includes social media tools that are hosted on district servers or networks, which are not accessible by the public.

## Guidelines for Staff

### I. Staff are allowed to set up social media accounts for schools, programs and departments.

These accounts must be pre-approved by the school principal and district, and staff must agree to the page/account owner requirements. Please refer to the Social Media Account Registration Form (4309F) for guidelines and procedures.

### II. Setting up a social media account for your school, program or department:

- A. To receive approval and establish a social media account for a school, program, or department, please return a completed *Social Media Account Registration Form* (4309F) to the district office.
- B. Many staff have Twitter accounts staff use that do not represent their school or program, but do represent them or their classrooms. If an account meets at least one of the following criteria, it must also be registered with the district.
  1. The account is connected to a Pullman School District email address.
  2. The account's primary purpose is to promote the classroom, school, or district.

~~C. Please note: District Remind.com accounts are registered and monitored separately, by the Information Technology Services department.~~

### III. Requirements for staff use of all district-associated social media platforms:

- A. **Check the Photo/Media Opt-Out List:** Families who do not want their student's photo or video published are required to notify their student's school office. School secretaries are required to track this information and have it readily available to district staff. Staff are personally responsible for checking the photo/media opt-out list before posting any photo or video on social media. *Please note: The photo opt-out list is reset at the start of every school year. The list can be updated at any point in the year. It is important to review the list before posting any photos or videos on an approved school, program or department social media account.*

4309P

Page 3 of 3

- B. **Get Permission.** Staff should check with colleagues before posting their photographs and/or video images. Additionally, students, parents, and colleagues should not be cited or referenced without their approval. It is acceptable to discuss general details about projects, lessons, or events as long as the information provided does not make it easy for someone to identify the individual or violate any privacy law.

## IV. Guidelines for staff use of all district-associated social media platforms:

- A. **Share information.** Schools are encouraged to provide the district office with content for the district's social media pages. Staff in central office departments should also work with the district office to incorporate specific messages into district-managed social media tools.

B. **Be professional.** Staff are responsible for exercising good judgment when posting.

C. **Be transparent.** Staff members that are posting about their work on a district-affiliated site should use their real name and identify their employment relationship with the district. If staff members publish to a site outside the district's network, they should use a disclaimer to state in clear terms that the views expressed are their own and do not reflect the views of Pullman School District.

## V. Disciplinary Action

Violation of any of the requirements or guidelines explained in the Social Media Policy and Procedures by district employees could be cause for disciplinary action up to and including termination of employment.

Staff are required to adhere to the standards outlined in Policy 5253 Maintaining Professional Staff/Student Boundaries and its procedures. Public social networking sites are not the place to conduct school business with students or parents.

Pullman School District reserves the right to change this and other policies at any time, and without prior notice. Please contact the district office by phone at 509.332.3581 or by email at [info@psd267.org](mailto:info@psd267.org) with any questions.

**PERSONNEL****Personnel Leaves**

The Pullman School District Board of Directors recognizes that, upon the recommendation of the superintendent and in accordance with the law and district policy, staff may be granted leaves pursuant to the following conditions, unless the applicable collective bargaining agreement provides otherwise:

- A. Leave at Full Pay Unless Stated Otherwise.** Leaves will be with pay unless otherwise stated. If leaves are to include expenses to be paid by the district, that also will be specifically stated.
- B. Leaves in Units of Full or Half Days.** Leaves may be granted in units of half or full days only.
- C. Return from Leaves.** At the end of any leave shorter than 20 days in duration, sabbatical leave, or sick leave which does not exhaust the staff member's accumulated sick leave, the affected staff member is entitled to return to the position held when the leave commenced or to an appropriate comparable position.  
  
Except as may otherwise be specifically provided by law or district policy, a staff member will be entitled to a position in the district subject to the availability of a position for which the staff member is qualified after leaves of longer duration.
- D. Prior Notice of Application.** Reasonable advance notice is required for all leaves, with specific advance notice as stated in district policy.
- E. Flexibility in Granting Leaves.** The superintendent, with approval of the board, may grant leaves to individuals who might not otherwise be covered, or extend leave in excess of the number of days provided by district policy, in unusual or exceptional circumstances.

**Unpaid Leaves**

Upon employee request, the superintendent or designee has discretion to consider providing unpaid leave to employees in certain circumstances, ~~including but not limited to, employees who refuse to provide proof of vaccination or refusal to obtain a medical or religious accommodation.~~ The option to provide unpaid leave does not obligate the district to do so or in any way limit or prevent the district from pursuing other responses.
