#### **IV. Head of School Report**

##### **A. February Update**

Morgen Flowers-Washington, Head of School, noted that the state legislative session is underway. For charter schools, this session is especially important in ensuring equitable funding, facilities access, and operational stability across the state. The enrichment funding of about 1.5M per year can be used to close the gap and support extra-curricular activities such as sports at SIA.

Slower School Zone survey was sent out to families this month via the weekly newsletter. The board is encouraged to complete the survey as well. Myra Keast will send the link.

##### **B. Upcoming Events**

Morgen invites the board members to various important upcoming events:

- June 7 - High School Graduation
- June 11 - 8th Grade Promotion
- tbd - Kindergarten Graduation

Myra Keast will send calendar invites for these events.

#### **V. Portrait Of A Graduate - High School Pathways**

Based on feedback from student, family, and staff feedback, these are the Adopted Profile Attributes:

- Problem Solver
- Academically Prepared for College and Career
- Effective Communicator
- Accountability
- Emotional Intelligence
- Global Competency

Based on the surveys conducted last month:

- 41 Middle School families completed the survey (low)

- Positive experience and community
- Academic strength
- Stability

- Uncertainty (about the newer high school structure)

What do Middle School families want from high school:

- Strong academic preparation
- Confidence & independence
- Social & emotional growth
- Real-world readiness
- Balanced high school experience

Based on feedback, SIA would want to build a 3rd Pathway: Leadership Pathway (current pathways offered: Running Start and NewTech Skills Center)

- Provide option for students to stay on campus full time
- Can mix and match pathways based on what feels right for them
- Build a capstone project for students who complete the leadership pathway
- This pathway better fulfills the school mission with students on campus daily
- Builds FTE which could later build a sports program
- Offer leadership classes (electives)

Morgen would like to grow the high school by 2031, capped at 331 students. Currently looking for a place within a 2-mile radius from campus. Morgen will put together a proposal to the board and present the proposal in April.
