### **E. Student Spotlight**

Safety Patrol Students: Eli Seefeldt, Quin Philyaw, and Olivia Ellis

Safety Patrol helps keep students safe, greet them in the morning and help get students in the building. There are around 8 students that are on this Patrol. They arrive at school very early so that they can fulfill their duties by 7:30am. Officer Light, Ms. Monk, and Ms. Seefeldt help train these students for 2-3 days after interest is expressed. They are essential to our morning routine.

#### **F. Staff Spotlight**

Officer Light - 20 years as an SRO

Mr. Duncan wanted procedures discussed to ensure student/staff safety.

- Vector Safe Schools Training - at least 15 required for each staff member. These range from blood borne pathogens, FERPA, De-escalation Strategies, etc. The director from Vector Safe Schools came last fall and was very impressed with the training of our staff.
- We have already completed the annual safety assessment for the year. This helps us apply for grants that we are interested in, such as for new cameras for the inside of the building and the back field/gym/bus lot.
- Shelter in place kits would also be beneficial for the classrooms. These kits would help keep students occupied during long classrooms stents.
- Stop the Bleed kits

#### **G. Opportunity for Public Comment**

None

### **III. Committee Reports**

#### **A. Finance**

Mr. Paul Cooper

Projecting \$34,000 surplus for our budget this year.

Currently have 86 days of cash on hand as of today.

- We need a new bus.

- We could lease a bus \$144,000 over 5 years. Would be around \$3,000/mo.
- We could lend ourselves money to buy the bus from our unencumbered funds at a 7% interest loan. But we will show a monthly \$2817 expense and revenue line item in our budget. We can also pick our own interest rate. This way it cancels each other out for the operational year. We would pay this loan back over 5 years.
- Biggest risk: the lease would be at an interest rate of 8.5-9%

- There are no lightly used buses around. And the past 2 buses that we have purchased from out of state have not had NC required features, and we need to make modifications.
- Our cash on hand requirement is \$450,000 and we have always met this each year. CSP Charter Success Partners says that as long as we explain it well, then it will not stop us from renewing our Charter.

- Ask CSP how this would be booked.

#### Committee Consent Items
