Swimmers in attendance: Serenity Pace, Eliana Campanini, Greyson Iden, Riley Mason, William Pressley, Mikaela Vazquez, Nick Marston and Grace Zimmer.

So thankful for the time and effort put in to expand our sports for our students.

D. Staff Spotlight

EC Department: Emily Webb, Amy Kelly, and Katie Campbell.

Our EC Department and students have made great growth, and we are in the top 10 in the state out of 2700 schools in NC. Mr. Duncan and Ms. Emily Webb were invited to a luncheon to recognize our students growth made in state testing.

E. Opportunity for Public Comment

No one signed up for public comment.

III. Committee Reports

A. Finance

Audit report: page 5 & 6 Independent Auditor Report

- no findings in report or material weaknesses

pg 15 & 16 have all information for the year

-ended year 1.1 million in cash

- negative net position from staff retirement system

-income statement and revenues at bottom

-positive funds and balance

pg 23 - financial statements

pg 55 funds for lunch and afterschool

This is a clean audit and will help get us a 10 year renewal. Compliance report showed no findings or material weaknesses on pg. 62.

No findings of concern. Auditor said our staff was welcoming and helpful to find all that he needed.

How do we categorize our new bus purchase? The state looks at the total fund balance not being in deficit. Schools will use fund balance in budget for bus purchase.

Action item:

- approve the audit report for public and in our minutes.
- never told our feasibility study is only good for one year

December and January our cash flow will fluctuate due to out of pocket expenses ie. STEM building, USDA loan

We have to have a civil engineering, and electrical design. Mr. Cooper has submitted to 4 different groups. His recommendation is to go with Pharoah Designs. Cost is \$3800 for the survey, it is reimbursable using USDA loan. \$33,000 for the contract.

Currently projecting \$96,000 from surplus. Not including bus. Would like to use unencumbered funds for bus and civil engineering contract. Civil engineering contract can be reimbursed with USDA loan.

Our goal is end the year with \$30,000 surplus.

\$34,000 in staff bonuses proposed for December.

\$142,000 moved from our money market, and divide it by 5 years.

B. Governance and Policy

Mr. Pallas:

Action Items : have not gone through committee yet

- Clarity in Handbook about attendance and going to afterschool/extracurricular events.
- Code of Conduct: Possession of Tobacco
- Employee Grievance Policy - proposed 15 days, and 4 step process; current policy is 6 pages long (7200) - how involved does the Board want to be in process?

Feedback:

- Possession of Tobacco and Nicotine Products
- Add a clause about students not having unexcused absences on day of events

Reviewed the Internet Policy.

3rd grade look into Reading and Math proficiency.

Although there is work to do, our numbers look better this year than they did last year.

IV. Director Report

A. Director Report

BTSP- Beginning Teacher Support Plan (Mr. Duncan is now the Coordinator)

- new state legislation requirement that all Middle School students need to view a video on Staff/Student Safety and
- Very little feedback from parents of Middle Schoolers

Exploring remote academies, we do not recommend starting this yet, January is the due date for the upcoming year, and we do not see a need right now.

Parent Survey results, after 4 weeks up, we had 40 responses. Mr. Duncan personally responds to any parents that do not agree in all areas. After a family does a tour, we have family ambassadors that have signed up to reach out to new possible families.

New bus is here!

We received an anonymous donation for Helene relief \$10,000
Jenny Geer-Hardwick received Golden Leaf
