B. Governance and Policy

Dr. Pallas discussed policy about onboarding of new board members. We need to think about what we want the policy to be, and how to do it that way. It should be a board committee to make this policy. Dr. Pallas will chair it, Jennifer Silva and Brandon Smith will help form this committee. Dr. Pallas would like to make an Orientation Plan for new members.

C. Facilities

Tyree spoke with Mr. Prey. FEMA has a weekly meeting with Mr. Duncan. Estimates for roofing, painting, PA system, and other mitigation projects due to the hurricane are in process with FEMA. We have started some smaller projects with our Facilities funds.

Conversation

March 7: State of the Charter Dinner (Deerwoode Reserve) - considering framework and how we can optimize the opportunity to reduce staff stress/burden.

Looking at AI in education, how it will change it, and how we can get out in front of it.

E. Long Range Planning

Mr. Duncan met with Ms. Atkinson about the same 5 core goals and moved them into a new order. Looking at this draft if there is feedback for the next meeting, we want to put it out for Strategic Plan for next 5 years, and send this out to staff/families.

Key piece to give to potential board members to see our plan and what they will be a part of.

Board/Stake holder feedback by January. To approve by February.

F. Academic Excellence Update

Committee meeting on January 13. Dr. Pallas met with some people from this committee, and the biggest problem they are running into is that teaching assistants are being pulled from classroom frequently.

Consider that grades 3-5 may need a teacher assistant per classroom, instead of per grade. Teachers feel they do not have adequate time to spend with students below grade level, when assistants are not in their classroom.

Mr. Smith suggests that we need to collect some data for this.

Mr. Duncan is trying to come up with the best solution for everyone.
