D. Long Range Planning

Strategic Planning - 1 response from SIT team - it is a plus to know the board on a personal level, we should hold regular events to recruit students/staff and this would set BA apart from other schools.

Dr. Pallas suggests that we should have dates or follow up to make sure that things are happening along the 5 year plan. What is the goal this year? This way we have accountability.

Mr. Duncan said that each committee should make goals for the year, and when they are accomplished.

Change wording on Strategic Planning

First section from Goal to Priority

Second Section from Action we will take to Goals

As an Action Plan we should review our goals and where we stand/where are we behind?/what do we need to do to bump up? We should have biannual reviews by each committee on moving towards our goals.

If there is any more feedback we can bring it to February's meeting.
