-Upcoming events: Winter Formal- 1/27, Wish week and Talent Show (in partnership with NHS), Prom- 4/26

BOD Question: Do we have a Wish recipient?- Yes, but it has not been announced publicly yet.

B. STEM FRC Team IMPULSE

FRC- Team 4418 Impulse:

Presented activity so far this school year, specifically their mission to pass a bill in CO that will help financially struggling STEM Extracurricular programs access Colorado State Grants, including FRC teams from other schools and Best Robotics. It is our hope that the STEM BOD can assist us in creating connections to promote our goals.

Additionally, FRC has been having trouble sustaining our financial goals for this year and needs to raise \$45,000 for next year. We have not fundraised enough to meet our current goals and current plans and we are worried that if we don't raise \$45,000 this year we will not be a club next year. We want to ask the BOD for any support during our time of need.

BOD Questions:

How much do you raise in a year?- We typically raise \$10,000 but many of our sponsors have pulled out. We go through about \$30,000 in a season and also sponsor other FLL teams.

Have FRC registration costs gone up?-Yes, the competitions have gone up significantly.

What are some of the challenges of funding you have come across over the years?- Keeping sponsors, completing grant application and submissions. Lockdown caused trouble for us and we lost students in our organization. We fell short financially last year and this year and now we are feeling the effects of that because we raise money for the upcoming year in the current one.

How much do you have now?- \$20,000 is what we have right now, and \$30,000 is what we really need, but if we can raise \$45,000 we can at least continue in some capacity.

Who goes out to get the sponsors?- The Business team, which is currently just one person.

Next Steps: We can put it in the newsletter, we will need the story to go with it. On the DCSD side, STEM staff can help connect the club with the appropriate contact regarding the proposed Colo bill. FRC can also work together with other clubs to coordinate with each other regionally.
