Susan Hauk provided the trustees with an update on the state of the development committee and related efforts for the school year.

She provided some general background as to her previous experience, and what she believed should be the areas of focus and attention as the school moves froward.

She is looking to bring a consistent, clear message and keep people engaged in the school. As part of this, Susan has been evaluating various tracking and software tools to facilitate the efforts.

The 25 year anniversary was discussed along with some ideas to not only raise money, but build the community aspect.

The DESE reimbursement figures have now caught-up with the enrollment figures, and based on the reduced student population, the amounts will be trending lower for the remainder of the school year.

The team has done a fantastic job in curtailing costs and keeping the financials 'in the black' Jeff Barry, Peter Cohen, Richard Doron, and Rudy Herve will be working together to draft a budget for the next school year, and are looking to have an initial draft available for the March meeting.

It was noted that the walk-in cooler compressor needed to be replaced and this was an unexpected cost.

In light of some of the proposed staffing / supervisory role changes, the committee determined it would be appropriate for Matt Cronin to complete a disclosure form to ensure the state was informed of his ongoing relationship with Ms. Hale. Cash on hand ÷ ((Operating expenses - Noncash expenses) ÷ 365)

Steps to Calculate LUNA and months of liquidity *Step 1. Calculate LUNA:* Subtract fixed assets from unrestricted net assets (property and equipment minus debt owed) = liquid unrestricted net assets (LUNA) Step 2. Divide LUNA by monthly expense LUNA / monthly expense = months of liquidity
