Susan Hauk provided the trustees with an update on the state of the development committee and related efforts for the school year.

She provided some general background as to her previous experience, and what she believed should be the areas of focus and attention as the school moves forward.

She is looking to bring a consistent, clear message and keep people engaged in the school.

As part of this, Susan has been evaluating various tracking and software tools to facilitate the efforts.

The 25 year anniversary was discussed along with some ideas to not only raise money, but build the community aspect.

Additionally she talked about working more with the PTO.

She noted that the committee is now meeting every Thursday to keep current and active with development efforts.

B. Charter Update

Discussed earlier in the meeting - no additional information provided.

A. Governance Committee

Karl Smith provided an update regarding the Governance Committee.

The focus of the group has been to review and updated the bylaws and they have been going through the wording very meticulously with an eye to adapt and streamline to current practice.

B. Finance Committee

The general overview of financial matters is that sources and uses of funding has been primarily on track. The DESE reimbursement figures have now caught-up with the enrollment figures, and based on the reduced student population, the amounts will be trending lower for the remainder of the school year.

The team has done a fantastic job in curtailing costs and keeping the financials 'in the black'

Jeff Barry, Peter Cohen, Richard Doron, and Rudy Herve will be working together to draft a budget for the next school year, and are looking to have an initial draft available for the March meeting.

It was noted that the walk-in cooler compressor needed to be replaced and this was an unexpected cost.

C. Personnel Committee

Peter Cohen and Artie Sullivan provided an update.

In light of some of the proposed staffing / supervisory role changes, the committee determined it would be appropriate for Matt Cronin to complete a disclosure form to ensure the state was informed of his ongoing relationship with Ms. Hale. If certain staffing changes are made, the form may be required and will prompt accommodations.
