## II. Financial Statements Discussion

### A. Committee review of Previous Month's Financial Statements

The discussion followed the notes provided.

- The DESE march check was lower than previous months (\$202.7k Vs. \$206.2k). Jeff Barry is trying to get an explanation. It is possible DESE was trying to recover the \$5K overpayment that they mentioned to us last month

#### Enrollment

- Current enrollment for next year stands at 186, which is lower than expected enrollment from a month ago. This is because 4th grade enrollement is currently low at 27. This is due to in part to declining applications from Swampscott (new school) and our confirmed inability to replace leaving students from Lynn and Salem (36 currently going to 23 next year)
- However, on the positive side, intentions to return from current students is very strong.
- Our 2024-2025 budget is based currently on 190 students

#### Mortgage interest rate

- our rate will reset in August and hit the September financials. Our budget has the rate increasing to 5% from 3.2% currently
- As of the week of 4/26, our rate would be 5.7% which would add \$25K annual interest to our annual budget next year

- We met with National Grand Bank and this new rate would still be very competitive compared to what they could offer (8+%)

Still on track for a net loss for the year in the \$200-300K range, although expected grant payments will hopefully mitigate parts of it

### **III. Closing Items**

#### **A. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 12:00 PM.

Respectfully Submitted,  
Rodolphe Herve
