V. Diversity Committee

A. Recommendation of admission target (low SES)

M. Scruggs updated the Board on recent developments:

- 13% was the initial low-SES target from the Diversity Committee, policy sent to OCS included flexibility for the target given the school financial situation year to year
- OCS gave feedback on 1/22 (today), wants to see a specific target and timetable within the policy (range percentage or year to year, transparent)
 - R. Watson suggested we start with a 1-2 year plan, amend later on
- Plan for implementation within the Admissions Policy moves to next school year given timing for OCS approval. In the meantime, we can move forward from within:
 - Re-evaluate the current school population: how many qualify as low SES
 - start with these needs
 - Look at what can we commit to support current needs (through Finance and data)
 - Review what other schools are doing
 - Diversity Committee will meet again to discuss ideas, Finance Committee will evaluate as well
 - M. Scruggs and J. Cuneo will talk with OCS to see if we can plan for 1-2 years at a time

VI. Finance Committee

A. Quarterly Dashboard

M. Mittal presented quarterly financial dashboard (as of 12/31/17)

- Overall the actuals are in line with budget, with around 55-60% still remaining
- Local funding is slower to come in, as we've seen in the past

VII. Educational Excellence Committee

A. Academic Performance Metrics

A. Gozycki presented Educational Excellence Committee update:

- Committee works alongside other committees, especially S.P.I.T.
- Goals and metrics created within this committee are directed and enforced through the school administration
- First task was to update the academic goals for the school
 - Placing enough emphasis on tests helps our children prepare for life after Scholars - and to get credit for the coursework they have completed at our school
 - Academic goals are just one piece of the puzzle, social and emotional goals will also be created and shared
 - Committee reviewed the last (2) years of test data (EOGs/EOCs, DRA, iReady tests), shown as grouped percentages by grade (no individual test data was shared)
- Committee member T. Miller shared that the group is also speaking to other schools that similar models (publicly funded, highly gifted peer schools - such as the Hunter College Program in NYC and MESA)

Academic Goals were presented by J. Cuneo

- One large takeaway from the data, K-2 is truly a three year span of student development
- Updated goals are realistic, we are already there in most cases
- Administration/teachers will explain to students the importance of testing as a door opener for them
- Every test at SA is providing helpful, instructional feedback

Next Steps:

- Donuts with Director 1/31 will cover the committee and academic goals for the community
- Administration will cover these topics in the 2/2 newsletter
- Parent Guides by subject will be created to help parents understand the learning path by grade
 - Math will be ready in the spring and will be placed on the website
- R. Watson pointed out that the Board can oversee, check progress against these new goals, but the administration is directing and enforcing goals and processes
