S. Scott presented updates:

- Volunteer database quotes have been received, additional discussion on these to occur in closed session
- Best quote received had 3 options
 - In first two options, the web interface connects to SA website
 - As standalone, these more expensive, 8-10 weeks to completion
 - Third choice would be the least expensive
 - Word Press based, 6-8 weeks to completion

- Would require updates each year
- Database also can be linked to Annual Giving Campaign
 - Additional connections, potential donors to AGC
- Database would not require an administrator
 - Automation of communication, needs, etc.
- Which of the school's needs can we meet through volunteerism, how can this save us money in the long run
- Need to look at hosting fees
- M. Mittal asked if we can we build off of our own website to start, suggested someone to speak to
- Building a raw tool can enable us to sell (via LBL or BOT) down the line to other schools/organizations
 - Foundation can own the software
 - Outside company could sponsor the tool, fund the cost
- J. Cuneo voiced concerns about whether this would take volunteers from the PTO, which is currently looking to fill their slate of positions for the upcoming school year
 - Also, if there are issues with software in-house, who would handle this
- S. Scott discussed how tool can line up to Time, Talent, Treasure
 - Can be decentralized, the person who posts the need is the one who receives the responses
 - Building it ourselves allows this to be scalable

- R. Watson suggested carrying conversation into Closed Session to discuss associated costs

- Peer School List
 - Committee has compiled a list of like schools
 - Primarily gifted charters serving elementary and middle school students
 - Some independent/private schools also on the list due to interest in their programs
 - List enables us to form relationships and see how other schools are handling curriculum analysis, internal/external metrics, and SEL assessment.
 - It is also helpful to review these schools in terms of board policies, parent/community resources, etc.
 - SA Staff on the committee is currently reaching out to these schools to find out which schools are open to communication/collaboration
- Parent Survey
 - Compiling an end of year survey to sync up with the working conditions survey that the staff has just taken
 - Goal is to run both surveys every two years
 - Committee is putting together questions on curriculum, operations, environment/safety, governance and SEL
 - Aiming to send out in May, free of cost (using existing Survey Monkey account)
 - J. Cuneo asked that committee include T. Hemming in survey preparation

VII. Diversity Committee

A.

Admissions Policy

R. Watson presented updates on Admissions Policy:

- Feedback from OCS on newly approved policy mainly stemmed from need for numbers/percentages
 - We had been using the initial 13% based on community makeup
 - New number/range would be based on Title 1 funding (between 15-30%)
 - There are various levels of grants associated with this funding (start at 10 children or 2%), but grants are very restricted
 - School is finding out current numbers for low-SES through Intent to Enroll - then we can move forward with a better idea of what we should aim for
 - Financial Implications: What do we want to do vs. what can we afford to do?
-
- S. Scott urged board to think about the opportunity provided to these low-SES households, not necessarily the need to fully support these low - SES students financially
 - Believes this community is resourceful, can work to close the gaps and overcome the obstacles in their own way
