III. Director's Report

A. General Items

A. Pieper provided Director's Report:

Student Performance

- October is Bullying Month in SEL
- "Canstruction" food drive, children will build structures from canned food - combines engineering and a food drive.

- Last weekend's Open House was lighter than usual, but we've never held one this early.
- High School transition night scheduled for November.

Governance & Financial

- Confucius Institute has promised funding (\$10K each year starting this year for Chinese educational needs)
- Title II funding for professional development is available from state, \$2109 - just need to apply. The Board was given the opportunity for feedback, no comments. A. Pieper will send in application on 10/23.
- In contact with the state about the application for the changes to the Admissions Policy (adding the low-SES priority as approved by the board in the 2017-2018 school year). Need to resubmit for approval, new contact will work to approve by January.
- Discussed make-up day for weather closure. We have taken four days due to the hurricanes, however we had two built in and the state waived one, so we have one to make up. A. Pieper advises against taking the planned make up day in February (President's Day) in order to save that for winter weather. We are not allowed to schedule make up days on certain holidays (Veteran's Day, Martin Luther King Jr. Day). A. Pieper recommends 12/19 as a make-up day.

M. Scruggs made motion to use recommended date of December 19th for our make-up day.

S. Korrapati seconded the motion.

The board **VOTED** unanimously to approve the motion.

Teachers & Staff

- M. Dawkins presented AIG Certification Plan
 - Total of (16) staff members need to be certified.
 - (12) staff members will take Praxis II, (2) are taking two coursework classes and Praxis II, (2) taking four coursework classes and Praxis II
 - Praxis is (120) questions, encompasses multiple topics regarding gifted students
 - School is running a study group for staff bi-weekly on Tuesdays and Thursdays, offers support and community to those testing. Program starts 10/23 and runs October - November and January-February. All study material will be provided by the school. Topics covered will include: gifted development/characteristics, learning environments for the gifted, gifted instruction, ID/assessment of gifted students, as well as professionalism and a practice exam.
 - Total: \$3031.77 - This will be lower in future years given the amount of staff involved this year (includes enrichment teachers who previously were not

required to become AIG certified). Covers study materials, as well as test and coursework fees.

- A. Pieper presented the Teacher & Staff Observation Plan
 - No major changes from last year. First round of evaluations started this week, go through mid-November. Executive Director (ED) and Associate Director (AD) handle all evaluations. Second round takes place in February. End of year brings summative evaluations, which begin in April.
- A. Pieper shared updated Administrator Responsibility Chart
 - Chart delineates roles and responsibilities of admin team (ED, AD, Dean of Students). Also included is a time allocation by percentage for each role.

Other

- October Community Conversations (10/31): Discussion will be around SEL and Parent Survey results from last Spring, and the changes that have been made this year based on these results. Safety updates will also be discussed.
- A CMS Board Member toured school last week to see how we operate, which opened lines of communication with CMS. Focus wound up being more on SEL program as tour included SEL classes in session. A. Pieper recommends any/all board members come in to view these SEL classes, 11-11:25 daily.
- A. Pieper spoke with new management company regarding our monument sign out front. Development company is updating signs, we need to figure out who owns this. Also discussed potential of painting the school (to match updates in the rest of the development) and asked for pricing - this would not happen until next year as we have not budgeted for it this year.

IV. Finance Committee

A. Finance Deep Dive

M. Mittal presented financial deep dive to further educate the board on our financial process.

- We do go to the Federal Grants line items first before hitting other line items when applicable (in instances where there are two similar line items).

- Our Fund Balance Ratio target = 8%
- Moving forward, M. Mittal will add investment updates to this snapshot to reflect short term CDs.

C. Update on Excess Cash Considerations / Investment Strategy

M. Mittal provided updates:

- Paid off second mortgage (\$206,486) per September board vote
- Invested excess cash in short term CDs, also per September board vote

- T. Hemming circulated main structure of database around to various point people (staff, PTO) for feedback.

VII. Foundation Committee

A. Timeline of Foundation Establishment

M. Ramasamy discussed Foundation updates and timeline:

- Phone call held to gain basic information (based on Union Academy).
- First step: Collect basic info to submit to Secretary of State first, as a non profit corporation.
- Next step would be to register with IRS and get EIN. Then apply for 501(C)(3) status with the IRS by submitting Form 1023-EZ.
- Foundation can be used as the funding body and also can be used to protect assets.

R. Watson asked if we have the corporation paperwork and whether we want a distribution upon dissolution clause to revert back to the school. Recommends we hold a foundation committee meeting open to the community, because this group would be mainly running as a separate entity from the board.
