### **A. Pieper presented middle school electives:**

- An expanded presentation will be given in the Community Conversation on Wednesday morning 2/27 and shown on FB Live

- Elective selection progress:
  - Started with Parent Survey, presented options and asked for additional ideas
  - Evaluated parent feedback and adjusted the options, then surveyed the students in 4th-7th grade to gauge interest (not final choices)
  - Courses for next year then presented to staff for interest in teaching
- Curriculum adjustments to accommodate electives:
  - Foreign Language classes go from 4x to 3x/week
    - Both language teachers are okay with this change, can fit current curriculum into 3 days
    - Modular classroom will house Chinese on M/W/F
      - Chorus will use the space T/Th
        - Dedicated space for Chorus has also been a need
  - Art and PE will be affected
    - Students would have 2 art/1 PE one semester and then 2 PE/1 art the other semester
    - Art teachers will adjust curriculum
    - To address loss of PE class over one semester:
      - Students still have 30 minutes of recess each day
      - Working to embed more PE components into SEL (yoga for mindfulness, can add more SEL driven physical activity)
- Kids would pick course for Fall and then one for Spring, will take (2) courses a week on T/Th afternoons
  - Courses will be recalibrated each year based on student interest
- Tentative Course Offerings for 2019-2020
  - Grades 5/6 and 7/8 are combined for these electives

  - Project Lead the Way - \$8K (from science restricted donations) for two modules (engineering and comp sci, plus fee)
- Next steps: finalize teacher assignments, identify training needed, ask students to formally choose their courses (filling out forms at home with parents)
  - Administration can adjust as we go, emphasis on flexibility year over year

  - Decision reached to vote on making the presented changes to the middle school curriculum, as it is in keeping with the school mission, vision and values
  - See accompanying vote under section VI. Educational Excellence Committee

## B. 2019-2020 Calendar

A. Pieper presented 2019-2020 school calendar:

- Only 1 half day planned, last day of school 2020
  - Half days are traditionally difficult for parents, eliminating most of these for the upcoming school year and replacing with full day teacher work days
- Less professional development before school starts, using time during full day teacher work days during the year for this
- Calendar takes full days to 174.5 - with 3.5 days built in for inclement weather/snow days
- Day after NOTA = full day off (teacher workday), ideal for families after the late night at NOTA
- Start/stop of school year and winter/spring breaks align with CMS
- From last draft, 1/3 teacher workday has been removed for an additional staff day off
  - Staff still has a teacher workday before winter break
  - Allows for a full two weeks off for staff
- 1/3 is the first potential make up day (in event of fall inclement weather)
- 6 Hours of instruction per day / 1047 hours total

M. Scruggs made a motion to adopt the calendar.

M. Dixon seconded the motion.

The board **VOTED** unanimously to approve the motion.
