Educational Excellence and Student Information:

Virtual and Remote Learning update:

On Friday, Governor Cooper has announced that all North Carolina schools must remain closed for the remainder of the school year due to the COVID-19 Pandemic. E-learning platform will continue to the end of the school year. A notice went into the newsletter looking for parents, Board, and Staff to form a committee to make a plan for continued Virtual Learning and a contingency plan in case students cannot safely return to school in the Fall.

While this is not an ideal scenario, the school is taking into consideration the diverse needs of our community and the social-emotional well being of students. In order to do this, the guidelines for school hours per day on the online platform will remain two hours per day for students in grades K-2, three hours for students in grades 3-6, and up to 4 hours for grades 7 and 8. Additional resources are available by request from teachers. Parents who are having difficulty administering remote learning should reach out to teachers to find a solution that will work for their family so that students can continue to learn during this e-learning period.

Grading - NC SBE requirements for final grades

The State Requirements will change the grading procedure for students taking High School Credit Classes. These students will have the option to take a PC19 (pass) or WC19 (withdraw) or a number grade.

New Student enrollment for 2020-2021

All available spots for next year have been filled by students on the waiting list. All new students for the new school year have been pre-enrolled and a plan is in the works for welcoming them to Scholars Academy.

Student Course Selection

Current Students in grades 5-8 will be choosing their classes for next year in the coming weeks remotely. Grades 1-8 will receive digital re-enrollment forms in the next two weeks.

Teachers and Staff:

Teacher observations/licensure - state guidance for this year

Requirements have been waived this year, so there will be no formal end of year teacher observations. Teachers will finish their own personal development goals in the system.

2020-2021 staff slate to be discussed in closed session

Staff end of year close out process

Staff received close-out procedures today. Class lists and material requests and other items will be completed over the next several weeks.

Admin - LBL Empowered Executives Circle

Three members of the Administration will be working this week and next week in an online workshop with other Charter School leaders.

Special Events:

Computer Turn In will happen the first week of June. Procedures will be in the newsletter.
8th Grade Graduation Committee is working on who to hold Graduation virtually
Awards Ceremony/End of Year Wrapup will happen the first week of June virtually
