### **Teachers and Staff:**

A. Pieper is requesting a stipend for Teacher Summer professional development to work on remote instruction development as an amendment to the FY20 budget.

A. Pieper is requesting that a new position be created for a Health and Wellness Coordinator for the new school year. The person who takes over this post will assist the school in implementing requirements and suggestions from the State Government for COVID-19 spread prevention and mental health concerns. Both requests will be addressed as part of the budget discussion.

### **Special Events:**

Going forward, special events will have to be reworked to ensure safety and comfort of students and families.

New Scholars have had a video presentation and a Kindergarten meeting both remotely. There is planning in process for alternative Back to School nights and alternatives for admissions activities.

### **Committees, Compliance, and Budget Items:**

Calendar changes - Aug 17 will be the first day of school. Ms. Pieper will present a calendar for the Board of Directors July retreat. The school calendar must include five additional school days and five virtual school days.

The State of NC has released an update called "NC Lighting Our Way Forward." It outlines requirements for three levels of plans Red (all remote), Yellow (in school with children attending on alternating days with strict social distancing requirements), and Green (in school with all students attending each day with some social distancing requirements). A Red plan is required to be submitted to the State by July 20. The State does not require the school to submit the Green or Yellow plans for approval. There is a lot of flexibility given to schools to decide how to implement these guidelines in a way that makes sense for the particular school community. A minimum of five remote instruction days will be included regardless of the color-coded COVID-19 threat level. The Governor is expected to make an announcement July 1 regarding the plan for the first day of school.

Federal funds update - Safe Schools Grant submitted, If the school receives the Grant, it will be used to hire a school resource officer. Title I allotment not awarded for FY21, Title II allotted in the amount of \$2700 which will be used for teacher professional development.

A. Pieper is also asking for some money from the current year's budget for staff bonuses. This will be addressed in the budget discussion.

The school needs to hire a new cleaning company. Contract will be discussed in closed session.

The Committee will deliver a survey to parents in the coming weeks to get feedback from parents and students regarding feelings about Diversity and Inclusion with the goal of meeting the school community's needs through the SEL program.

## **VI. Development Committee**

## **VII. Finance Committee Update**

There have been changes to expenses. The school had roughly \$13,000 in added expenses for payout of teacher unused vacation. The school spent less in after care, bank fees, and cleaning services because of the school closure. The school also had a \$1,500 savings in equipment leases. In all, revenue was adjusted with a \$470,000 increase and expenses were adjusted with a \$42,000 reduction. The net change to the budget puts the current year (FY20) budget at a surplus of \$512,691.
