## **VIII. Whole Child Committee**

### **A. Status Review**

S. Schroeck gave the Whole Child Committee Update.

The whole child committee met on Tuesday, June 22 to discuss the SEL Plan for the upcoming school year and the comprehensive mental health plan.

Starting this Fall, all students will be focusing on Social-Emotional Learning at the same time. SEL will be at the beginning of the day on Monday, Wednesdays, and Fridays from 8:10AM to 8:35AM. Mondays and Fridays will be lessons and Wednesdays will have a rotating schedule that will include diversity topics, small groups with guest speakers, SEL buddies – which will eventually include a service learning project, and whole school SEL (as soon as large indoor group gatherings are permitted).

The curriculum for SEL lessons will be coming from 2nd Step which is a program already in use. This Fall, teachers will assist students in making age/grade-level appropriate personal SEL goals. Progress toward these goals will be evaluated throughout the school year by teachers and parents as well as students themselves and we hope that students will feel empowered as they track their own success toward these goals.

Mental Health Plan (summary credit to Noelle Zagorski) – the Board will need to vote to adopt this plan. The Board has been given a copy of the plan to review in advance of today's meeting.

In June of 2020, [Session Law 2020-7](#) was approved by the North Carolina General Assembly. It is an act to require the state board of education to adopt a school-based mental health policy and to require k-12 school units to adopt and to implement a school-based mental health plan that includes a mental health training program and a suicide risk referral protocol. Following this, the NC State Board of Education adopted a mental health policy that aligns with legislation and details compliance requirements. Our plan begins with our why and vision for SEL and School Mental Health (MH) Improvement along with the names of the members of the school MH committee. The plan outlines the content, action items/status, the person(s) responsible and timeline, and helpful resources. Most of the helpful resources were provided by the state, but we have also added in our own when needed.

The plan moves forward to state the school's strengths and needs for SEL/MH prevention. The MH committee identified the needs as follows:

- \* develop a standards-based outline of topics to be addressed during SEL/MH instruction
- \* develop an SEL/MH needs assessment for all students and families
- \* complete a needs assessment
- \* develop a plan based on the results of the needs assessment and family survey results
- \* provide more intensive support for students if needed outside
- \* hire a part-time counselor to work in conjunction with the full-time counselor (this has been completed)
- \* implement staff training
- \* research suicide prevention for K-5 and training for staff
- \* create and distribute a mental health inventory survey for parents

The plan continues with stating our current SEL/MH prevention initiatives that are already in place at Scholars. It then lists activities to build/align the infrastructure which will consist of staff/student training. Our plan moves on to discuss the plan of action for tying the infrastructure to our academic objects. The remainder of the document lists activities

and action steps in relation to SEL/MH prevention, early intervention, treatment, referral, and re-entry.

This is a working document. The committee will refer to the document throughout the implementation to ensure the action steps are being completed and we are following through with the plan. The committee will also review the plan yearly to make any adjustments if needed.

## **IX. Policy Committee**

### **A. Status Update**

A. Young gave the Policy Committee Update.

The Policy Committee did not meet this month. They await the approval of the NC Access Grant by OCS.

## **X. Development Committee**

### **A. Status Review**

A. Farooqi gave the Development Committee Update.

As of 6/28/2021, Annual Giving campaign total received is approximately \$409,000, pledges not yet received are \$86,626. The total is \$481,764 based on receiving 100% balance due. The Campaign expects to receive an actual amount of \$452,000 after write offs.

This was the last Development Committee for this school year.

## **XI. Foundation Committee**

### **A. Foundation Committee Update**

M. Ramasamy gave the Foundation Committee Update.

Annual Community Giving Campaign operations will officially move to the Foundation. The Committee is continuing to work on policies for the Foundation as well as Foundation membership.

A fundraising license application has been filed.

## **XII. Finance Committee Update**

### **A. Finance Recommendations**

A. Starling gave the Finance Committee Update.

Proposed Budget amendments are to adjust the Budget to align with actual numbers for the year. The budget reflects actual dollars received from Annual Community Giving Campaign (ACGC) during the school's fiscal year (as opposed to the campaign period),

so the numbers are slightly different than what was reported in the Development Committee Update. The Budget has a surplus that will roll into the fund balance for next year.

The PPP loan that was received last June has been forgiven so those funds do not need to be repaid.

Next year's budget assumes ACGC amounts stay the same, a 2% increase in State and Local Funding, Salaries and Wages are increasing to match those of this year's CMS employees, expenses for retirement savings matching increases, expected increases in benefits costs, and expected receipt of grant money.

There will not be a separate budget for the Foundation. The school will have one budget that will have separate line items for the Foundation. There will not be additional accounting costs for the Foundation.

Budget Amendments and Budget approval for next year will be voted on following closed session.
