The Speaker Request Card must contain speaker name, contact number or email, and subject matter and submitted to the Executive Assistant to the CEO prior to the start of the meeting. Members of the public may address the Board on any matter within the Board’s jurisdiction and have **three (3) minutes each** to do so.  - 5.3.2. Demonstrated systemic and material issues that would cause the SELPA to make a finding of "going concern" based on leadership, programmatic and/or fiscal solvency that would cause SELPA to reasonably believe the SELPA may be harmed by the continued membership of the LEA.

The standards and timeline as determined by the SELPA shall, at a minimum, provide the LEA a reasonable opportunity for prior written notice and an opportunity to be heard by the Membership Appeals Committee.

6. DISPUTE RESOLUTION

Should a dispute arise relating to the responsibility for service provision, governance activities, the distribution of funding, if a party believes that an action taken by the CEO Council will create an undue hardship, or that the action taken exceeds the authority granted to the CEO Council within the Local Plan and/or state or federal statute, the aggrieved party may request a review of the action with the appropriate governing body or CDE as appropriate.

The standards and timeline as determined by the SELPA shall, at a minimum, provide the LEA a reasonable opportunity for prior written notice and an opportunity to be heard by the Membership Appeals Committee.

6. DISPUTE RESOLUTION

Should a dispute arise relating to the responsibility for service provision, governance activities, the distribution of funding, if a party believes that an action taken by the CEO Council will create an undue hardship, or that the action taken exceeds the authority granted to the CEO Council within the Local Plan and/or state or federal statute, the aggrieved party may request a review of the action with the appropriate governing body or CDE as appropriate.

 - 5.3.2. Demonstrated systemic and material issues that would cause the SELPA to make a finding of "going concern" based on leadership, programmatic and/or fiscal solvency that would cause SELPA to reasonably believe the SELPA may be harmed by the continued membership of the LEA.

The standards and timeline as determined by the SELPA shall, at a minimum, provide the LEA a reasonable opportunity for prior written notice and an opportunity to be heard by the Membership Appeals Committee.

6. DISPUTE RESOLUTION

Should a dispute arise relating to the responsibility for service provision, governance activities, the distribution of funding, if a party believes that an action taken by the CEO Council will create an undue hardship, or that the action taken exceeds the authority granted to the CEO Council within the Local Plan and/or state or federal statute, the aggrieved party may request a review of the action with the appropriate governing body or CDE as appropriate.

Investment products and services reflected herein are offered through J.P. Morgan Securities LLC (JPMS), a member of FINRA and SIPC. JPMS is an affiliate of JPMorgan Chase Bank, N.A.

Important Information For Clients Holding Restricted Securities:

Restricted Securities (typically noted as "Restricted" or "RSTD" in the security description) have not been registered under the Securities Act of 1933 and may not be "freely traded." Since restricted securities are subject to certain restrictions which may render them illiquid or less liquid than freely-tradeable shares, there can be no assurance a secondary market exists. While we typically use the value of the registered/unrestricted security of the same issuer and same class for statement (and other) reporting purposes, the price realizable in a sale of the securities may be less than the "Market Value" indicated and could be zero. No attempt has been made to independently value the specific security subject to its restriction. Additionally, inclusion of pricing of these holdings will result in the aggregated value of your portfolio as reflected on this report being overstated by an amount equal to the difference (if any) between the value of the freely-traded underlying security and the actual value of your restricted shares. For additional information on pricing, please see "Market Prices" on the back of your account statement.

FINRA Disclosure

As part of the Financial Industry Regulatory Authority (FINRA) Investor Education Program, you may obtain information on FINRA's Public Disclosure Program by contacting FINRA at telephone number (800) 289-9999 or via the internet address which is www.finra.org. In addition, a brochure explaining the Public Disclosure Program is available from FINRA upon request.

Short Debit Fee

Clients engaging in short sales currently incur fees that are based on a fluctuating rate applied daily to the market value of the securities sold short. These fees, which are in addition to interest charged on any debit balances in your account created in connection with your short positions, are based on (i) the costs and expenses incurred by J.P. Morgan to settle and maintain those transactions, and (ii) service fees in connection with the establishment and/or maintenance of your short positions. Any rate that may be established at the time a short sale settles or established thereafter is not guaranteed or otherwise fixed for any period of time and is subject to change without notice. Rates may vary depending upon market conditions, including the then-prevailing difficulty in the market of borrowing the particular security. The ease or difficulty of borrowing any particular security, and the related cost, may change rapidly and materially and such change is not predictable. Before engaging in short selling, customers should take into account the fees charged on short sales and the risk that those fees may increase rapidly and materially. Customers who maintain short positions are urged to review their account statements and speak with their J.P. Morgan Securities Representative regularly to monitor the fees being charged. These fees will appear on your account statements.

Reporting any Inaccuracy or Discrepancy in your Account:

You are advised to promptly report any inaccuracy or discrepancy in your account to your broker and J.P. Morgan Securities LLC (JPMS LLC) at the telephone numbers listed. In order to protect your rights, including any rights under the Securities Investor Protection Act ("SIPA"), any such communications should be reconfirmed in writing to your JP Morgan Representative and JPMS LLC. Important Information Regarding Auction Rate Securities (ARS):

ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements. Accordingly, investors should not rely on pricing information appearing in their statements with respect to ARS. Where JPMS was unable to obtain a price from an outside service for a particular ARS, the price column on your statement will indicate "unpriced".

Electronic Funds Transfer Notice

In case of errors or questions about electronic transfers in your brokerage account transmitted through the ACH Network, you must contact Client Services Operations department of J.P. Morgan Securities LLC immediately at telephone number (800) 634-1428 or (347) 643-9953 or write to J.P. Morgan Securities LLC, Attn: Client Services Department, Four Chase Metrotech Center, Brooklyn, NY 11245 if you think your account statement or transaction record is wrong or if you need more information about a transaction listed on your account statement or transaction record. We must hear from you no later than 60 days after we sent the first account statement on which the problem or error appeared.

1. Tell JPMS your name and account number.
2. Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
3. Tell JPMS the dollar amount of the suspected error.

If you tell JPMS orally, JPMS may require that you send it your complaint or question in writing within 10 business days.

JPMS will determine whether an error occurred within 10 business days after JPMS hears from you and will correct any error promptly. If JPMS needs more time, however, JPMS may take up to 45 days to investigate your complaint or question. If JPMS decides to do this, JPMS will credit your account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes JPMS to complete its investigation. If JPMS determines at the conclusion of the investigation that there was no error, JPMS will charge your account for the credited amount. If JPMS asks you to put your complaint or question in writing and JPMS does not receive it within 10 business days, JPMS may not credit your account.

For errors involving new accounts or foreign-initiated transactions, JPMS may take up to 90 days to investigate your complaint or question. For new accounts, JPMS may take up to 20 business days to credit your account for the amount you think is in error.

JPMS will tell you the results within three business days after completing its investigation. If JPMS decides that there was no error, JPMS will send you a written explanation. You may ask for copies of the documents that JPMS used in its investigation.

Margin Account:

If you are a customer with a margin account, you consent to JP Morgan's right (to the extent permitted by applicable law) to use, lend or pledge any securities held by JPMS in your margin account. In certain circumstances, such loans or other use may limit, in whole or in part, your ability to receive dividends directly from the issuing company and/or your right to exercise voting and other attendant rights of ownership with respect to the loaned, sold or pledged securities. Such circumstances include, but are not limited to, loans of securities that you own in your margin account that continue over record dates for voting purposes and ex-dividend dates for dividend distributions. If you do not receive dividends directly from the issuing company, you may receive payments-in-lieu of dividends which could cause you to lose the benefit of the preferential tax treatment accorded to dividends.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Compass Charter Schools

Report on the Financial Statements

We have audited the accompanying financial statements of Compass Charter Schools (the "Organization") which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of Compass Charter Schools taken as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2017, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Compass Charter Schools of Los Angeles <i>Previously Academy of Arts and Sciences: Los Angeles (9-12)</i>	1651	7/1/2014	AADUSD	Los Angeles

The authorizing agencies noted above include: Acton-Agua Dulce Unified School District (AADUSD), Cotati-Rohnert Park Unified School District (CRPUSD), Mountain Empire Unified School District (MEUSD), Mupu Elementary School District (MESD) and Orange Center School District (OC).

Compass Charter Schools’ mission is to inspire, and develop innovative, creative, self-directed learners, one scholar at a time. Funding sources primarily consist of state apportionments, in lieu of property tax revenues, and grants and donations from the public.

B. Financial Statement Presentation

Compass Charter Schools is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Unrestricted net assets include all resources available for use by the Board of Directors and management’s discretion in carrying out the activities of the organization in accordance with its Bylaws. Temporarily or permanently restricted net assets are only expendable for the purposes specified by the donor or through the passage of time. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets. Permanently restricted net assets are generally required to be held by the organization in perpetuity while the earnings on those assets are available for use by the organization to support operations. Donors can place restrictions on the earnings from permanently restricted contributions at the time the contributions are made or pledged. Fund accounting is not used in the Organization’s financial statement presentation.

C. Basis of Accounting

The Organization’s policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

E. Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

F. Contributions

Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the revenue is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the existence or nature of any donor restrictions.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

G. In Lieu of Property Taxes Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to Compass Charter Schools. Revenues are recognized by the Organization when earned.

H. Cash and Cash Equivalents

Compass Charter Schools considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

I. Investments

The Organization's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Receivables and Allowances

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Organization establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2017, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

K. Capital Assets

Compass Charter Schools has not yet adopted a policy to capitalize asset purchases in conformance with generally accepted accounting principles because the Organization does not own, nor does it plan to acquire, property or equipment of significant value.

L. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

M. Income Taxes

Compass Charter Schools is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Organization is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As an organization operating schools, the Organization is not required to register with the California Attorney General as a charity.

The Organization's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Organization's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

N. New Accounting Pronouncement

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for Profit Entities* whereby significant changes were proposed in seven areas: net asset classes, liquidity and availability of resources, classification and disclosure of underwater endowment funds, expense reporting, statement of cash flows, investment return, and release of restrictions on capital assets. The amendments in ASU No. 2016-14 are effective for annual financial statements issued for fiscal years beginning after December 15, 2017. The Organization has not yet determined the impact on the financial statements.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

O. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2017, consist of the following:

Cash in banks, non-interest bearing	\$	866,675
Cash in county treasury		509,631
Total Cash and Cash Equivalents	\$	<u>1,376,306</u>

Cash in Banks – Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Compass Charter Schools does not have a policy for custodial credit risk for deposits. The FDIC insures up to \$250,000 per depositor per insured bank. As of June 30, 2017, \$713,571 of Compass Charter Schools' bank balance was exposed to custodial credit risk as there were deposits over \$250,000 at Chase Bank.

Cash in County Treasury

Compass Charter Schools is a voluntary participant in an external investment pool for some of its charter schools. The fair value of the Organization's investment in the pool is reported in the financial statements at amounts based upon the Organization's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio in relation to the amortized cost of that portfolio. The balance available for withdrawal is recorded on the amortized cost basis and is based on the accounting records maintained by the County Treasurer.

NOTE 2 – CASH AND CASH EQUIVALENTS (continued)

Cash in County Treasury (continued)

Except for investments by trustees of debt proceeds, the authority to invest Organization funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website. The table below identifies examples of the investment types permitted in the California Government Code:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None

County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Investments in the County Treasury investment pools and/or local agency investment funds/state investment pools are not measured using the fair value input levels noted in Note 1O because the Organization's transactions are based on a stable net asset value per share. All contributions and redemptions are transactions at \$1.00 net asset value per share.

NOTE 3 – INVESTMENTS

Investments as of June 30, 2017, consist of the following:

Certificates of deposit	\$ 2,503,411
Cash and money market funds	505,892
Total Investments	\$ 3,009,303

These investments are held in cash, money market funds, and certificates of deposit and are the only funds classified as investments in the statement of financial position. The investment is carried at amortized cost. These types of investments do not qualify as securities as defined in FASB ASC 320, *Investments – Debt and Equity Securities*, thus the fair value disclosures required by ASC 820, *Fair Value Measurements and Disclosures*, are not provided.

NOTE 7 – COMMITMENTS AND CONTINGENCIES

Governmental Funds

Compass Charter Schools has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. The Organization has undergone certain reviews and has experienced certain expenditure disallowances under the terms of the grants, which have been recorded in the financial statements. Any future such audits could generate additional expenditure disallowances under funding terms; however, it is believed that any required reimbursements would not be material.

NOTE 7 – COMMITMENTS AND CONTINGENCIES (continued)

Funding Determinations

Nonclassroom-based funding determinations for the period of July 1, 2016 through June 30, 2018 were initially denied for not meeting certain funding determination criteria; therefore, the Organization submitted mitigating circumstance requests to the State Board of Education (SBE). In a meeting held on June 7, 2016 of the Advisory Commission on Charter Schools (ACCS), an advisory body to the SBE, recommended that the SBE deny the mitigating circumstances for the remaining operated charter schools. As a result of the denied funding determinations, the charter schools operated by the Organization were not eligible for funding based on nonclassroom-based instruction from local control funding formula sources. These state funding sources represent over sixty-percent of the Organization's total revenue; therefore, the Organization planned for deficit spending in 2016-17.

In July 2017, the funding determinations for each of the schools in operating during 2016-17 were approved as a reconsideration with three (3) school approved for 100% funding and the other two (2) schools approved at 85%. Due to the timing of the funding determination approvals, the Organization may realize a one-time surplus and increase in local control funding formula sources resulting from prior period adjustments calculated by the California Department of Education (CDE).

Multi-employer Defined Benefit Plan Participation

Under current law on multiemployer defined benefit plans, the Organization's voluntary withdrawal from any underfunded multiemployer defined benefit plan would require the Organization to make payments to the plan, which would approximate the Organization's proportionate share of the multiemployer plan's unfunded vested liabilities. California State Teachers' Retirement System (CalSTRS) has estimated that the Organization's share of withdrawal liability is approximately \$5,386,229 as of June 30, 2016. The Organization does not currently intend to have its operated charter schools withdraw from CalSTRS. Refer to Note 8 for additional information on employee retirement plans.

Legal Settlement

In April 2017, the Organization agreed to a settlement agreement and release with the New Jerusalem Elementary School District (the "District") to resolve all claims, issues, disputes, and appeals related to a legal action under *New Jerusalem Elementary School District v. Academy of Arts and Sciences Charter School*, a case with the Superior Court of San Joaquin. As a result of the settlement agreement, the Organization agreed to an initial payment of one million dollars to the District, as well as monthly installment payments in the amount of \$50,000 for a period of twelve (12) consecutive months beginning July 1, 2017. The total amount of the legal settlement payable from the Organization to the District is \$1,600,000. During the fiscal year ended June 30, 2017, the Organization paid the initial payment and one monthly payment for a total of \$1,050,000 paid to the District thus far. As of June 30, 2017, \$550,000 remained payable to the District and is expected to be fully paid during the 2017-18 fiscal year.

NOTE 8 – EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. In accordance with *California Education Code 47605*, charter schools have the option of participating in such plans if an election to participate is specified within the charter petition. The Charters have made such election. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS). The Organization offers all employees social security as an alternative plan to those who may not qualify for CalSTRS.

California State Teachers' Retirement System (CalSTRS)

Plan Description

Compass Charter Schools contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard; Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 10.25% or 9.205% of their 2016-17 salary depending on the employee's membership date in the plan. The required employer contribution rate for fiscal year 2016-17 was 12.58% of annual payroll. The contribution requirements of the plan members are established by state statute. Compass Charter Schools' contributions to CalSTRS for the past three years are as follows:

	<u>Contribution</u>	<u>Percent of Required Contribution</u>
2016-17	\$ 511,730	100%
2015-16	\$ 359,120	100%
2014-15	\$ 581,189	100%

On-Behalf Payments

The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for Compass Charter Schools charter schools in operation during 2015-16 is estimated at \$202,730 for 2016-17, which is computed as the proportionate share of total 2015-16 State on-behalf contributions.

NOTE 9 – RELATED PARTY TRANSACTIONS

Authorizing Agency

The Charters make payments to the authorizing agencies specified in Note 1A, to provide purchased services in addition to fees for oversight. In accordance with California Education Code 47613(a), the authorizing agency may charge actual costs of oversight not to exceed 1% of revenue from local control funding formula sources. Total oversight fees paid or payable to the authorizing agencies amounted to \$185,105 for the fiscal year ended June 30, 2017.

Interagency Activity

Receivables and payables due between the charter schools are classified as due to/from related entities within the Statement of Financial Position by Charter. Cash in bank balances are maintained by the Organization as a whole and are noted as due from related entities within the Statement of Position by Charter. Additionally, some charter schools covered certain operating expenses during the fiscal year ending June 30, 2017. Interagency transactions and balances are eliminated in the financial statements of Compass Charter Schools to better reflect the true activities of the corporation.

Effective June 30, 2016, the Organization voluntarily closed five (5) charter schools and merged operations into the remaining charter schools. As such, the ending balances for three (3) schools in San Diego County were merged into Compass Charter Schools of San Diego (No. 1454), one (1) school in Ventura County was merged with Academy of Arts & Sciences: Thousand Oaks (No. 1455), and one (1) school in Los Angeles County was merged with Compass Charter Schools of Los Angeles. The transfers of these balances are noted as nonoperating activity on the Statement of Activities by Charter.

NOTE 10 – SUBSEQUENT EVENTS

Compass Charter Schools has evaluated subsequent events for the period from June 30, 2017 through November 17, 2017, the date the financial statements were available to be issued.

In July 2017, funding determinations for nonclassroom-based instruction were reconsidered and approved for funding for all five (5) charter schools in operation during 2016-17. Refer to Note 7 for additional information.

Effective June 30, 2017, the following charter schools discontinued operations due to voluntary closures:

Charter School	Charter No.	County	Status
AAS: Thousand Oaks & Simi Valley	1455	Ventura	Closed
AAS: Sonoma	1457	Sonoma	Closed

Management did not identify any other transactions that require disclosure or that would have an impact on the financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditors' Report

Christy White, CPA
Michael Ash, CPA
Heather Rubio

To the Board of Directors of
Compass Charter Schools
Thousand Oaks, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Compass Charter Schools (the "Organization") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements and have issued our report thereon dated November 17, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON STATE COMPLIANCE

Independent Auditors' Report

To the Board of Directors of
Compass Charter Schools
Thousand Oaks, California

Report on State Compliance

We have audited Compass Charter Schools' compliance with the types of compliance requirements described in the *2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, California Code of Regulations, section 19810, that could have a direct and material effect on each of Compass Charter Schools' state programs for the fiscal year ended June 30, 2017, as identified below. Reference to Compass Charter Schools within this letter is inclusive of all charter schools referenced in Note 1A of the accompanying notes to the financial statements.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Compass Charter Schools' state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, California Code of Regulations, section 19810. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below occurred. An audit includes examining, on a test basis, evidence about Compass Charter Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Compass Charter Schools' compliance with those requirements.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2017**

FINDING 2016-1: FINANCIAL STATEMENT REPORTING (30000)

Criteria: Generally accepted accounting principles (GAAP) requires the presentation, in either a statement of activities or the notes to the financial statements, of information about expenses reported by their functional classification, such as major classes of program services and supporting activities. Though not required by GAAP, fund accounting may be used for internal recordkeeping to properly segregate assets, liabilities, and fund balances into separate accounting entities; thus, it can be used to track an organization's fiduciary responsibilities to ensure use of assets in accordance with donor-imposed or government mandated restrictions.

Condition: During our substantive audit procedures, we noted that no allocation was performed for reporting of expenses on a functional basis prior to the financial audit. Information was made available subsequent to fieldwork following audit recommendations. Additionally, fund accounting was utilized within the accounting software to track financial data required to be reported by each public charter school to the California Department of Education (CDE). Based on review of financial statements, balance sheet items did not properly reconcile to data reported by charter school to the CDE. One common operating checking account was maintained by the Academy for all banking activities and a lack of proper fund accounting caused for inadequate tracking of cash balances by charter school. Additionally, transactions involving inter-agency receivables/payables were not properly maintained, requiring several audit adjustments.

Cause: Accounting software limitations as well as miscommunications and ineffective practices by the business services provider coupled with inadequate review of financial statements by Academy management personnel.

Effect: Potential for financial statements to not be presented in accordance with GAAP with relation to functional expenses. Additionally, activities and account balances could be inappropriately reported to the CDE with regards to financial reporting by charter school.

Recommendation: We recommend that Academy management properly review financial data prepared by third-party consultants to ensure for proper presentation of financial data in accordance with GAAP. Additionally, we recommend that proper fund accounting be implemented if this method of accounting will be utilized to ensure accurate reporting of financial data to reporting agencies for each of its public charter school.

Academy's Response: Academy of Arts and Sciences has contracted with a new back-office provider, CSMC. In addition, a Finance Committee has been formed and meets on a monthly basis to review the Balance Sheet and Year to Date Actual to Budget.

FINDING 2016-2: ATTENDANCE FROM NON CLASSROOM-BASED INSTRUCTION (10000) (continued)

Recommendations: We recommend that proper procedures be established to ensure that the data within the attendance system and the student's file are accurate.

Academy's Response: Academy of Arts and Sciences has modified its enrollment and approval process for incoming scholars. Additional checkpoints have been created for the Enrollment Coordinator and Information Services Manager. Internal auditing will occur on a weekly basis by the Executive Assistant to the CEO.

Current Status: Implemented.

FINDING 2016-3: INDEPENDENT STUDY RATIO (40000)

Criteria: In accordance with *California Education Code (EC) Section 51745.6*, the ratio of average daily attendance (ADA) for independent study pupils to full-time equivalent (FTE) certificated employees responsible for independent study is not to exceed the equivalent ratio of ADA to FTE identified as the comparative ratio. Pursuant to *EC Section 51745.6(d)* and *California Code of Regulations (CCR), Title V, Section 11704*, the comparative ratio for charter schools is the prior year ratio for all other non-independent study educational programs of the largest unified school district in the county or counties in which they operate, or a fixed ratio of 25 to 1.

Condition: Upon review of nonclassroom-based or independent study ADA and teacher FTE counts, we noted three (3) of the ten (10) charter schools operated by the Academy exceeded the comparative ratio of 25 to 1.

AAS: Del Mar Elementary (K-5)

- A ratio of 27.1 to 1 was calculated based on reported P-2 ADA of 92.06 and a teacher FTE of 3.40.

AAS: Del Mar Middle & High (6-12)

- A ratio of 29.0 to 1 was calculated based on reported P-2 ADA of 205.69 and a teacher FTE of 7.10.

Recommendation: We recommend that student enrollment and staffing be closely monitored and adjusted when necessary to ensure compliance with independent study ADA to teacher FTE ratios.

Academy's Response: Academy of Arts and Sciences no longer relies on instructional consultants to aid in instruction. Weekly reports are generated to track and monitor scholar to teacher ratios. Internal auditing will occur on a weekly basis by the Director of Academic Affairs and Director of Operations.

FINDING 2016-4: UNDUPLICATED LOCAL CONTROL FUNDING FORMULA (LCFF) PUPIL COUNT (40000)

Criteria: Students classified as Free or Reduced Priced Meal (FRPM) eligible and/or English Learners (EL), who are not directly certified on the CALPADS 1.18 *FRPM/English Learner/Foster Youth – Student List* report, must have supporting documentation that indicates the student was eligible for this designation. The unduplicated local control funding formula pupil count affects the percentage used as data in calculating Local Control Funding Formula (LCFF) apportionment. Auditors are required to verify compliance with California Education Code Section 42238.02(b)(3)(B) in Section W of the *2015-16 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*.

Condition: Based on review and testing of student designations from the 2015-16 CALPADS 1.18 *FRPM/EnglishLearner/Foster Youth – Student List* report for each charter, we noted the following:

AAS: Del Mar Elementary (K-5)

- Exception was noted for one (1) of five (5) students designated as FRPM. Supporting documentation for household income verification was not provided to verify student's FRPM status.

AAS: Del Mar Middle & High (6-12)

- Exceptions were noted for two (2) of four (4) students designated as FRPM. Supporting documentation for household income verification was not provided to verify student's FRPM status for one (1) student and the other student only had 2014-15 household income data provided. .
- Exception was noted for one (1) of two (2) students designated as EL and non-FRPM. Home language survey provided indicated the student should have been classified as English Only. .

AAS: El Cajon Elementary (K-5)

- Exception was noted for one (1) of two (2) students designated as FRPM. Supporting documentation for household income verification provided to verify student's FRPM status was from 2013-14.

AAS: El Cajon Middle & High (6-12)

- Exceptions were noted for four (4) of four (4) students designated as FRPM. One (1) student should have been designated as paid status, two (2) students only had 2013-14 income data on file and income verification documentation was not provided for the remaining student.

AAS: Oxnard & Ventura

- Exceptions were noted for two (2) of six (6) students designated as FRPM. One (1) student only had 2014-15 income data on file and income verification documentation was not provided for the remaining student.

AAS: Sonoma

- Exception was noted for one (1) of five (5) students designated as FRPM. Income verification documentation provided for the student indicated a paid status.

FINDING 2016-4: UNDUPLICATED LOCAL CONTROL FUNDING FORMULA (LCFF) PUPIL COUNT (40000) (continued)

Condition (continued):

AAS: Thousand Oaks & Simi Valley

- Exceptions were noted for four (4) of six (6) students designated as FRPM. Three (3) students should have been designated as paid status and income verification documentation was not provided for the remaining student.
- Exceptions were noted for one (1) of three (3) student designated as EL and non-FRPM. Home language survey provided indicated the student should have been classified as English Only.

AAS: Fresno

- Exception was noted for one (1) of five (5) students designated as FRPM. Supporting documentation for household income verification provided to verify student's FRPM status was from 2014-15.

AAS: Los Angeles K-8

- Exceptions were noted for two (2) of five (5) students designated as FRPM. The two (2) students only had 2014-15 income data on file.
- Exception was noted for one (1) of one (1) student designated as EL and non-FRPM. Home language survey provided indicated the student should have been classified as English Only.

Effect: The charter schools are not in compliance with State requirements. Errors in the Unduplicated Pupil Count per charter school were extrapolated by finding the percentage of error and multiplying by the number of students in each designation (FRPM, EL, or FRPM and EL). In cases where the total population was tested, the total actual error is noted. Errors per charter are as follows:

AAS: Del Mar Elementary (K-5) Extrapolated error is 6 of 31 for FRPM only or -6 pupil counts in error.

AAS: Del Mar Middle & High (6-12) Extrapolated error is 6 of 11 for FRPM only and 3 of 6 for EL only for a total of -9 pupil counts in error.

AAS: El Cajon Elementary (K-5) Total FRPM only population was tested; actual error is 1 of 2 or -1 pupil count.

AAS: El Cajon Middle & High (6-12) Extrapolated error is 7 of 7 for FRPM only or -7 pupil counts in error.

AAS: Oxnard & Ventura Extrapolated error is 3 of 8 for FRPM only or -3 pupil counts in error.

AAS: Sonoma Extrapolated error is 2 of 12 for FRPM only or -2 pupil counts in error.

AAS: Thousand Oaks & Simi Valley Extrapolated error is 27 of 41 for FRPM only and actual error for testing of total population is 1 of 3 for EL only for a total of -28 pupil counts in error.

AAS: Fresno Extrapolated error is 2 of 10 for FRPM only or -2 pupil counts in error.

AAS: Los Angeles K-8 Extrapolated error is 4 of 9 for FRPM only and actual error for testing of total population is 1 of 1 for EL only for a total of -5 pupil counts in error.

Cause: Documentation for FRPM and/or EL designations did not support the Unduplicated Pupil Count per charter school resulting in inaccuracies and support for designations was not retained by the charter schools.

Review and Approval of the California Dashboard Local Indicator Results

Section: VII. NEW BUSINESS
Item: B. Review and Approval of the California Dashboard Local Indicator Results
Purpose: Vote
Submitted by: J.J. Lewis
Related Material: A California School Dashboard Informational Flyer.pdf
B Compass Charter Schools - Local Indicators Report.pdf

BACKGROUND:

For the Fall 2017 California School Dashboard, LEAs, including charter public schools, must report on their California School Dashboard local indicators by December 1, 2017. Charter schools must report on the following priorities: Priority 1: Basic Services, Priority 2: Implementation of State Standards, Priority 3: Parent Engagement, and Priority 6: School Climate (suspension, expulsions, etc.). There are three performance levels for ranking progress on these priorities: Met, Not Met, and Not Met for two or more years. LEAs, including charter public schools, must measure their progress annually on these priorities and report the progress at a regularly scheduled meeting of the board. They do not require board approval but minutes should indicate these were reported. If this data is not entered by the December 1st cutoff indicators will automatically show as "Not Met" on the dashboard.

RECOMMENDATION:

A motion to approve the California Dashboard Local Indicator Results.

Getting to Know the California School Dashboard

The California School Dashboard (www.caschooldashboard.org) is an online tool designed to help communities across the state access important information about K-12 districts and schools. The Dashboard features easy-to-read reports on multiple measures of school success. The Dashboard is just one step in a series of major shifts in public education, changes that have raised the bar for student learning, transformed testing, and increased the focus on equity.

10 Indicators of School Success

State Indicators

- **SIX** indicators allow for comparisons across schools and districts.

- ★ High School Graduation Rate
- ★ Academic Performance
- ★ Suspension Rate
- ★ English Learner Progress
- ★ Preparation for College/Career
- ★ Chronic Absenteeism

- Based on information collected statewide.
- Results for all districts, all schools, and all defined student groups (e.g., ethnic groups, low income, English learners) with more than 30 students.

- Schools and districts receive **one of five color-coded performance levels** on each of the six state indicators.

- The color and amount that the circle is filled are two ways of showing the performance level. For example, Green will always have four segments filled and Red will always have one segment filled.
- The overall performance level is based on how current performance (status) compares to past performance (change).

Local Indicators

- **FOUR** indicators based on information collected by school districts, county offices of education and charter schools.

- ★ Basic Conditions
 - Teacher qualifications
 - Safe and clean buildings
 - Textbooks for all students
- ★ Implementation of Academic Standards
- ★ School Climate Surveys
- ★ Parent Involvement and Engagement

- Districts receive **one of three performance levels** on the four local indicators based on whether they have collected and reported local data.
 - Met
 - Not met
 - Not met for two or more years
- School and student group information is not available for local indicators.

The California School Dashboard provides four different reports that allow custom views of school success. Users can also look at performance of all student groups on a single indicator by clicking on that indicator. Clicking on a single student group shows the performance of that student group across all six state indicators.

This is the submission form for the local educational agency (school district, charter school, and county office of education) to complete on the local performance indicator for appropriately assigned teachers, access to curriculum-aligned instructional materials, and safe, clean and functional school facilities.

Standard: Local educational agency annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; and provides information annually on progress meeting this standard to its local governing board and to stakeholders and the public through the evaluation rubrics.

Field	Result
Number/percentage of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions:	0%
Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home:	0%
Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies):	0%

Priority 2: Self-Reflection Tool for Implementation of State Academic Standards

This is the submission form for the local educational agency (school district, charter school, and county office of education) to complete on the local performance indicator for the implementation of state academic standards.

Standard: Local educational agency annually measures its progress implementing state academic standards and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the evaluation rubrics.

Priority 3: Self-Reflection Tool for Parent Engagement

This is the submission form for the local educational agency (school districts, charter school, and county office of education) to complete on the local performance indicator for parent engagement.

Standard: Local educational agency annually measures its progress in: (1) seeking input from parents in decision making; and (2) promoting parental participation in programs, and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the evaluation rubrics.

Survey

If the local educational agency administers a local survey to parents/guardians in at least one grade within each grade span that the local educational agency serves (e.g., K–5, 6–8, 9–12), summarize:

The key findings from the survey related to seeking input from parents/guardians in school and district decision making;

The key findings from the survey related to promoting parental participation in programs; and

Why the local educational agency chose the selected survey and whether the findings relate to the goals established for other Local Control Funding Formula priorities in the Local Control and Accountability Plan.

Survey Results
<p>There has been a lot of change at Compass Charter Schools this year, from a rebrand to the selection of a new curriculum and systems. Based on these changes, and with input from our parents, we will be using the 2017-18 year to create a baseline for which we can then improve.</p> <p>Compass Charter Schools released two sets of surveys to parents. One created by the organization’s administrators, which was distributed to all stakeholders for 2016-17 school year planning. The other was created by the Parent Advisory Council for all parents’ school-wide.</p> <p>The Parent Advisory Council serves to provide parent feedback on school policies and procedures at Compass Charter Schools to ensure that they are consistent with its Mission, Vision, and Values. Members act as a committed group of advisors to the staff and administration, regarding issues that affect the scholars and school of CCS. They provide feedback and insight from the parent’s perspective on school process, policies and initiatives to ensure that the needs of parents and their families are included as decisions are made. They also serve as an advisory that makes recommendations, encourages brainstorming and provides opportunities for parent involvement on committees.</p>

The Parent Advisory Council created their own survey based on gathered internal council questions. This survey also included parent availability for trainings, engagement activities, and communication. Over 92 % of parents are satisfied with communication between staff and family.

The feedback from our families shows an appreciation for the numerous ways we have used to engage them, from social media, to surveys, to a quarterly Town Hall with the CEO. We continue to solicit the advice of our Parent Advisory Council and ensure we message out to families when changes are made, especially based on their feedback. This has helped to encourage additional feedback throughout the year as they see we listen and respond to their suggestions to improve our services and supports for our scholars. These findings and measures reflect and findings relate to goals established for other LCFF priorities in the LCAP.

Local Indicators

Priority 6: School Climate

This is the submission form for the local educational agency coordinator (school district, charter school, and county office) to complete on the local performance indicator for school climate.

Standard: Local educational agency administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the local educational agency serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the evaluation rubrics.
